The Rebel Suffragette Aug 10 2020 The suffragette movement swept the country in the late 19th and early 20th centuries. Led by the Pankhursts, the focus of

movement was in London with demonstrations and rallies taking place across the capital. But this was a nationwide movement with a strong northern influence. Edith Rigby being an ardent supporter. Edith was a controversial figure, not only was she the first woman to own and ride a bicycle in her home town but she was also the founder of a school for girls and young women. Edith followed the example of Emmeline Pankhurst and her supporters and founded the Preston branch of the Women's Social and Political Union. She was found guilty of arson and an attempted bomb attack in Liverpool following which she was incarcerated and endured hunger strikes forming part of the 'Cat and Mouse' system with the government. During a political rally with Winston Churchill Edith threw a black pudding at a MP. There are many tales to tell in the life of Edith Rigby, she was charismatic, passionate, ruthless and thoroughly unpredictable. She was someone who rejected the accepted norms of what a woman of her class should be the way she dressed and the way she ran her household but she was independent in mind and spirit and always had courage in her own convictions. As a suffragette, she was just as effective and brave as the Pankhurst women. This is the story of a life of a lesser known suffragette. This is her story.
