**Contact Englishes of the Eastern Caribbean** Nov 27 2021 Contact Englishes of the Eastern Caribbean is the first collection to focus, via primary linguistic fieldwork, on the underrepresented and neglected area of the Anglophone Eastern Caribbean. The following islands are included: The Virgin Islands (USA & British), Anguilla, Barbuda, Dominica, St. Lucia, Carriacou, Barbados, Trinidad, and Guyana. In an effort to be as inclusive as possible, the contiguous areas of the Bahamas and the Turks and Caicos islands (often considered part of North American Englishes) are also included. Papers in this volume explore all aspects of language study, including syntax, phonology, historical linguistics, dialectology, sociolinguistics, ethnography, and performance. It should be of interest not only to creolists but also to linguists, anthropologists, sociologists and educators either in the Caribbean itself or those who work with schoolchildren of West Indian descent.

Beckett's Critical Complicity Feb 05 2020 Samuel

Beckett's work harbors an inevitable complicity with traditional modes and values. His idealist and even nihilist inclinations, for example, are closely related to the abstracting and systematizing tendencies that have predominated in Western thinking. His drama and fiction, in reproducing these tendencies, also help to reinforce and legitimate them. Beckett's work can thus be said to encourage an attitude of stoic resignation or life-denying withdrawal. Sylvie Debevec Henning's study reveals an important countertendency. In examining Beckett's art and literary criticism, his novel *Murphy*, plays *Krapp's Last Tape* and *Endgame*, his only film venture, and the late story "The Lost Ones," she shows that through a variety of double-voiced techniques -- irony, parody, and satire -- Beckett also brings a powerful critical light to bear upon our culture's repeated attempts to reduce or eliminate the more problematic aspects of existence and even mocks our desire to do so. His disquieting and occasionally uproarious interweaving of contradictory

perspectives -- somber and carnivalized, established and contestory -- suggests that suffering and anguish are fundamental to life, while it affirms their relation to laughter and creative vigor within a richer, if less settled, cultural context. Drawing upon the work of Nietzsche, Heidegger, Foucault, Derrida, and particularly Bakhtin, Henning argues that Beckett's profound critique of Western intellectual tradition does not necessarily entail the loss of all positive values and beliefs. On the contrary, his use of carnivalesque and dialogized modes signals a revitalizing capacity that has not been fully appreciated.

**OpenMP Shared Memory Parallel Programming**

Jun 22 2021 This book contains the presentations given at the Workshop on OpenMP Applications and Tools, WOMPAT 2001. The workshop was held on July 30 and 31, 2001 at Purdue University, West Lafayette, Indiana, USA. It brought together designers, users, and researchers of the OpenMP

application programming interface. OpenMP has emerged as the standard for shared memory parallel programming. For the first time, it is possible to write parallel programs that are portable across the majority of shared memory parallel computers. WOMPAT 2001 served as a forum for all those interested in OpenMP and allowed them to meet, share ideas and experiences, and discuss the latest developments of OpenMP and its applications. WOMPAT 2001 was co-sponsored by the OpenMP Architecture Review Board (ARB). It followed a series of workshops on OpenMP, including WOMPAT 2000, EWOMP 2000, and WOMPEI 2000. For WOMPAT 2001, we solicited papers formally and published them in the form of this book. The authors submitted extended abstracts, which were reviewed by the program committee. All submitted papers were accepted. The authors were asked to prepare a final paper in which they addressed the reviewers' comments. The proceedings, in the form of this book, were created in time to be available at the workshop. In this way, we hope to have brought out a timely report of ongoing OpenMP-related research and development efforts as well as ideas for future improvements.

Laughter, War, and Feminism Feb 28 2022 In the critical tradition, Jane Austen has long been considered a conservative writer, whose novels emphasize the importance of manners and propriety. This study, however, continues a more recent trend in Austen Scholarship, one that focuses on her feminism. It breaks new ground by identifying, as one ingredient in her fiction, an iconoclastic laughter that is closer to popular gaiety than to the elitist ironic stance of many of her predecessors. Furthermore, it underlines the presence of conflict in her narrative and points to the disruptive speech reported in Austen's elegant, hyper-correct sentences. Working with three of Austen's novels - Northanger Abbey, Pride and Prejudice and Emma - the study analyzes the elements of feminist carnival in her prose.

**Euro-Par 2000 Parallel Processing** Jan 30 2022

Euro-Par – the European Conference on Parallel

Computing – is an international conference series dedicated to the promotion and advancement of all aspects of parallel computing. The major themes can be divided into the broad categories of hardware, software, algorithms, and applications for parallel computing. The objective of Euro-Par is to provide a forum within which to promote the development of parallel computing both as an industrial technique and an academic discipline, extending the frontier of both the state of the art and the state of the practice. This is particularly important at a time when parallel computing is - dergoing strong and sustained development and experiencing real industrial take up. The main audience for and participants of Euro-Par are seen as researchers in academic departments, government laboratories, and industrial organisations. Euro-Par's objective is to become the primary choice of such professionals for the presentation of new results in their speci?c areas. Euro-Par is also interested in applications that demonstrate the e?ectiveness of the main Euro-Par themes. Euro-Par now has its own Internet domain with a permanent Web site where the history of the conference series is described: <http://www.euro-par.org>. The Euro-Par conference series is sponsored by the Association of Computer Machinery and the International Federation of Information Processing.

*The Translator as Mediator of Cultures* Oct 27 2021

If it is bilingualism that transfers information and ideas from culture to culture, it is the translator who systematizes and generalizes this process. The translator serves as a mediator of cultures. In this collection of essays, based on a conference held at the University of Hartford, a group of individuals – professional translators, linguists, and literary scholars – exchange their views on translation and its power to influence literary traditions and to shape cultural and economic identities. The authors explore the implications of their views on the theory and craft of translation, both written and oral, in an era of unsettling globalizing forces.

*Art Market Research* May 02 2022 This book is for art market researchers at all levels. A brief overview of the global art market and its major stakeholders precedes an analysis of the various sales venues (auction, commercial gallery, etc.). Library research skills are reviewed, and advanced methods are explored in a chapter devoted to basic market research. Because the monetary value of artwork cannot be established without reference to the aesthetic qualities and art historical significance of our subject works, two substantial chapters detail the processes involved in researching and documenting the fine and decorative arts, respectively, and provide annotated bibliographies. Methods for assigning values for art objects are explored, and sources of price data, both in print and online, are identified and described in detail. In recent years, art historical scholarship increasingly has addressed issues related to the history of art and its markets: a chapter on resources for the historian of the art market offers a wide range of sources. Finally, provenance and art law are discussed, with particular reference to their relevance to dealers, collectors, artists and other art market stakeholders.

*The Spirit of Carnival* May 22 2021 In this case the result is "dialogized carnival" or "carnivalized

dialogue." In their artmaking, Danow claims, human beings are animated by a periodic predisposition toward the bright side of carnival, matched by an equally strong, far darker predilection. Carnival forms of thinking are firmly embedded within the human psyche as archetypal patterns.

**Utopia, Carnival, and Commonwealth in Renaissance England** Aug 05 2022 With the emergence of utopia as a cultural genre in the sixteenth century, a dual understanding of alternative societies, as either political or literary, took shape. In *Utopia, Carnival, and Commonwealth in Renaissance England*, Christopher Kendrick argues that the chief cultural-discursive conditions of this development are to be found in the practice of carnivalesque satire and in the attempt to construct a valid commonwealth ideology. Meanwhile, the enabling social-political condition of the new utopian writing is the existence of a social class of smallholders whose unevenly developed character prevents it from attaining political power equivalent to its social weight. In a detailed reading of Thomas More's *Utopia*, Kendrick argues that the uncanny dislocations, the incongruities and blank spots often remarked upon in Book II's description of Utopian society, amount to a way of discovering uneven development, and that the appeal of Utopian

communism stems from its answering the desire of the smallholding class (in which are to be numbered European humanists) for unity and power.

Subsequent chapters on Rabelais, Nashe, Marlowe, Bacon, Shakespeare, and others show how the utopian form engages with its two chief discursive preconditions, carnival and commonwealth ideologies, while reflecting the history of uneven development and the smallholding class. Utopia, Carnival, and Commonwealth in Renaissance England makes a novel case for the social and cultural significance of Renaissance utopian writing, and of the modern utopia in general.

**Beyond Carnival** Mar 20 2021 For many foreign observers, Brazil still conjures up a collage of exotic images, ranging from the camp antics of Carmen Miranda to the bronzed girl (or boy) from Ipanema moving sensually over the white sands of Rio's beaches. Among these tropical fantasies is that of the uninhibited and licentious Brazilian homosexual, who expresses uncontrolled sexuality during wild Carnival festivities and is welcomed by a society that accepts fluid sexual identity. However, in *Beyond Carnival*, the first sweeping cultural history of male

homosexuality in Brazil, James Green shatters these exotic myths and replaces them with a complex picture of the social obstacles that confront Brazilian homosexuals. Ranging from the late nineteenth century to the rise of a politicized gay and lesbian rights movement in the 1970s, Green's study focuses on male homosexual subcultures in Rio de Janeiro and Sao Paulo. He uncovers the stories of men coping with arrests and street violence, dealing with family restrictions, and resisting both a hostile medical profession and moralizing influences of the Church. Green also describes how these men have created vibrant subcultures with alternative support networks for maintaining romantic and sexual relationships and for surviving in an intolerant social environment. He then goes on to trace how urban parks, plazas, cinemas, and beaches are appropriated for same-sex erotic encounters, bringing us into the world of street cruising, male hustlers, and cross-dressing prostitutes. Through his creative use of police and medical records, newspapers, literature, newsletters, and extensive interviews, Green has woven a fascinating history, the first of its kind for Latin America, that will set the standard for future works. "Green brushes aside outworn cultural assumptions about Brazil's queer life to display its full glory, as well as the troubles

which homophobia has sent its way. . . . This latest gem in Chicago's 'World of Desire' series offers a shimmering view of queer Brazilian life throughout the 20th century."—Kirkus Reviews Winner of the 2000 Lambda Literary Awards' Emerging Scholar Award of the Monette/Horwitz Trust Winner of the 1999 Hubert Herring Award, Pacific Coast Council on Latin American Studies
