Replica Aug 31 2019 A New York Times bestseller! Two girls, two stories, one epic novel. From Lauren Oliver, New York Times bestselling author of *Before I Fall* and the *Delirium* trilogy, comes an epic, masterful novel that explores issues of individuality, identity, and humanity. *Replica* is a "flip book" that contains two narratives in one, and it is the first in a duology. Turn the book one way and read Lyra's story; turn the book over and upside down and read Gemma's story. The stories can be read separately, one after the other, or in alternating chapters. The two distinct parts of this astonishing novel combine to produce an unforgettable journey. Even the innovative book jacket mirrors and extends the reading experience. Lyra's story begins in the Haven Institute, a building tucked away on a private island off the coast of Florida that from a distance looks serene and even beautiful. But up close the locked doors, military guards, and biohazard suits tell a different story. In truth, Haven is a clandestine research facility where thousands of replicas, or human models, are born, raised, and observed. When a surprise attack is launched on Haven, two of its young experimental subjects-Lyra, or 24, and the boy known only as 72-manage to escape. Gemma has been in and out of hospitals for as long as she can remember. A lonely teen, her life is circumscribed by home, school, and her best friend, April. But after she is nearly abducted by a stranger claiming to know her, Gemma starts to investigate her family's past and discovers her father's mysterious connection to the secretive Haven research facility. Hungry for answers, she travels to Florida, only to stumble upon two replicas and a completely new set of questions. While the stories of Lyra and Gemma mirror each other, each contains breathtaking revelations critically important to the other story. *Replica* is an ambitious, thought-provoking masterwork.

Our Short History Oct 02 2019 "Lauren Grodstein breaks your heart, then miraculously pieces it back together so it's bigger—and stronger—than before." —Celeste Ng, author of *Everything I Never Told You* How can a woman learn to let go of the people she loves the most? Karen Neulander, a successful New York political consultant and single mother, has always been fiercely protective of her son, Jacob, now six. She's had to be: when Jacob's father, Dave, found out Karen was pregnant and made it clear that fatherhood wasn't in his plans, Karen walked out of the relationship, never telling Dave her intention was to raise their child alone. But now Jake is asking to meet his dad, and with good reason: Karen is dying. When she finally calls her ex, she's shocked to find Dave ecstatic about the son he never knew he had. First, he can't meet Jake fast enough, and then he can't seem to leave him alone. Karen quickly grows anxious as she watches Dave insinuate himself into Jake's life just as her own strength and hold on Jake grow more tenuous. As she struggles to play out her last days in the "right" way for Jake, Karen wrestles with the knowledge that the only thing she cannot bring herself to do for her son—let his father become a permanent part of his life—is the thing he needs from her the most. With heart-wrenching poignancy, unexpected wit, and mordant humor, Lauren Grodstein has created an unforgettable story about parenthood, sacrifice, and life itself.

Falling Out of Hate with You Aug 24 2021 I've tried to like Adrian Savage, the mercurial frontman for *Fugitive Summer*, while serving as his band's opening act on tour. We're stuck together for three months, after all. And I'm well aware I'm lucky to be here. But it's proved impossible. He's far too rude and dismissive a guy to get along with. And way too good at getting under my skin. In fact, at this point, I think it's fair to say I downright hate his guts. Global thirst trap that he is,

though, I'm finding it extremely difficult not to want to jump Savage's bones, despite how much he infuriates me. I hate myself for it. But my body is going rogue on me. It doesn't matter, though. I'm determined to resist him. In fact, what I've decided is that, as long as I'm here and stuck with him, I'm not only going to give Savage the sound tongue lashing nobody else around here has the balls to deliver, I'm going to bring that bad boy to his knees.

Let the Rain Fall Mar 19 2021 *Let The Rain Fall* is a collection of poems and prose by Lauren Cohen that are a cathartic expression of the struggles occurring within modern society and humanity's existential dilemmas. Her words tell stories often difficult to articulate; stories of pain and grief, healing and growth, oppression and liberation, and light and love. These stories are portrayed through the lens of Lauren's perceptions of her own struggles and those of her friends, people in the community, and the world as a whole. Lauren creates poetic tension that invites the reader to immerse themselves in these universal existential challenges. Despite the dark clouds and menacing storms as the rain falls, eventually the sun breaks through, and with light, we find our way home to a place of healing and growth.

When in French Jun 02 2022 A language barrier is no match for love. Lauren Collins discovered this firsthand when, in her early thirties, she moved to London and fell for a Frenchman named Olivier—a surprising turn of events for someone who didn't have a passport until she was in college. But what does it mean to love someone in a second language? Collins wonders, as her relationship with Olivier continues to grow entirely in English. Are there things she doesn't understand about Olivier, having never spoken to him in his native tongue? Does "I love you" even mean the same thing as "je t'aime"? When the couple, newly married, relocates to Francophone Geneva, Collins—fearful of one day becoming "a Borat of a mother" who doesn't understand her own kids—decides to answer her questions for herself by learning French. *When in French* is a laugh-out-loud funny and surprising memoir about the lengths we go to for love, as well as an exploration across culture and history into how we learn languages—and what they say about who we are. Collins grapples with the complexities of the French language, enduring excruciating role-playing games with her classmates at a Swiss language school and accidentally telling her mother-in-law that she's given birth to a coffee machine. In learning French, Collins must wrestle with the very nature of French identity and society—which, it turns out, is a far cry from life back home in North Carolina. Plumbing the mysterious depths of humanity's many forms of language, Collins describes with great style and wicked humor the frustrations, embarrassments, surprises, and, finally, joys of learning—and living in—French.

Falling into the Black Dec 28 2021 Ten years ago we said goodbye. I left the world I knew to create a new life for myself. Away from the lies. Away from the pain. It was all going as planned until a friend asked for help with her club. The business was liberating. The company was intoxicating. Two masked men became my euphoria. One was a player deep in the game. A teacher both intimately and figuratively. The other was a quiet director. A man who tempted me with his stares and set me on fire with his dark whispers. His secrecy excited me, bringing me to levels I've never imagined. I thought we were playing a game, but little did I know he knew exactly who I was. I just wish I figured out his true identity before I fell for his best friend. * Falling into the Black is a standalone novel with an HEA.
