practitioner knows the particular rule citation under consideration, he or she need only find the corresponding section citation in this Handbook for a discussion of the particular rule. The Fourth Edition cites per curiam opinions issued by the state Supreme Court and also provides federal case law construing the federal rules of civil procedure. As the practitioner knows, West Virginia's rules of civil procedure are patterned after the federal rules. With this knowledge in mind, the Handbook offers as persuasive authority federal decisions construing the federal rules. As a practical matter, the Handbook limits its use of federal case law to areas that the state Supreme Court has not issued controlling opinions upon. This Handbook is an invaluable tool for both the bench and bar. Order *Litigation Handbook on West Virginia Rules of Civil Procedure Fourth Edition* for your office today!
