Reconciliation(s) Jul 04 2020 *Reconciliation(s)* considers the definition of the concept of reconciliation itself, focusing on the definitional dialogue that arises from the attempts to situate reconciliation within a theoretical and analytical framework. Contributing authors champion competing definitions, but all agree that it plays an important role in building relationships of trust and cohesion. The essays in this book also consider the nature and utility of reconciliation in a number of contexts, evaluating both its function and efficacy.

International Perspectives on Transition to School Feb 20 2022 With increasing attention given by governments and policy makers to children's transition to school, and the associated need for educators, families and communities to be supported in the process, changes are often required to existing structures and pedagogy. This book is framed around the notion of transition as a time of change for those involved in the transition process and as a time for reconceptualising beliefs, policy and practice. It explores transition from a number of international perspectives and raises issues around the coherence of: how children perceive and respond to starting school; the roles and expectations of parents; developmental changes for parents; supporting children with diverse learning needs; how policy, curriculum and pedagogy are conceived and implemented. Readers will be informed about current practices and issues arising out of research in Europe, Scandinavia, the United Kingdom and Australia and will be stimulated to consider how they can change their own transition beliefs, policies and practices. *Transition to school: Contemporary Perspectives and Change* is essential reading for researchers and educators and anyone wanting to know more about the transition to school and how to support young children, their families and schools.

[Pharmacokinetics in Drug Discovery and Development](#) Aug 05 2020 Pharmacokinetics has evolved from its origin into a complex discipline with numerous subspecialties and applications in patient management, drug development, and regulatory issues. This expansion has made it difficult for any one individual to become a full-fledged expert in all areas. Fulfilling the need for a wide-ranging guide to the many existing subspecialties in this field, *Pharmacokinetics in Drug Discovery and Development* details the different areas in the field providing the ideal comprehensive, quick access text and reference. After an introduction of basic principles, the book is divided into sections that cover industrial and regulatory applications, clinical applications, and research applications. The following sections cover such topics as PK/PD approaches, clinical pharmacokinetic monitoring, population pharmacokinetics, linear systems approaches, and more. Fourteen authors, each an expert in his/her area of expertise, provide an extensive background into the subspecialty with emphasis on the section's theme. Covering the many sub-disciplines and providing pharmacokinetic concepts, terminology, and approaches, *Pharmacokinetics in Drug Discovery and Development* serves as a resource for professionals throughout this field.

Happy as a Big Sunflower Oct 31 2022 In 1876 Rolf Johnson and his family left Illinois for Phelps County, Nebraska. There they faced the challenges of pioneering on the Great Plains: digging wells, building sod houses, plowing and planting crops, and fighting prairie fires. Johnson's diary goes beyond individual conquest, however, and provides insight into the great cooperative endeavor of plains settlement. Rolf's Swedish

family and neighbors worked and socialized with other Swedes just as nearby Danish settlers remained in close physical and cultural contact with other Danish immigrants. A very eligible nineteen-year-old bachelor, Rolf also offers touching vignettes on the rituals of courting. Abruptly, with no explanation in his diary, and with no itinerary or prospects, Rolf left home in 1879 "with the intention of going west for a season." His departure may have been sparked by the marital fervor exhibited by a female suitor. Rolf felt he was "not quite prepared to leave the state of single blessedness for that of double misery." In Sidney, Nebraska, he ran with the "sporting" element, who showed him photographs of "fast women of the town stark naked." He found employment with a wagon freighter headed for the Black Hills, where he saw Calamity Jane in action. Rolf's education continued until the diaries end in Cubero, New Mexico, in 1880. He returned to Phelps County in 1882 and remained there for most of his life. Rolf's lively diaries offer an entertaining eyewitness account of pioneer life and an unmatched resource for historians.

Thread of Hope Jan 10 2021 What if your secrets are so dangerous they could destroy the one you love? Is honesty always the best policy? This is a story of faith, god and fantasy all mixed into a beautifully written tale of love and consequences of our actions...one that will stay with you... The Bookwormery Leonie may have run away but Prospero will find her. He loves her and he wants a future with her by his side whatever the consequences. Only when he does find her, he ought to tell her who he really is, outside the monastery. That'll make her run again. Dare he risk it? But if he doesn't tell her, someone else may... Marriage to Prospero is what Leonie wants most and the one thing she knows she can't have. If he found out what she was really like, what she'd been, what she'd done, he'd despise her and she couldn't bear that. Better to leave now than live a lie – but it's harder than she expected. If only... Gabriel is starting to discover the secrets inherent in Leonie, secrets that not even she knows, secrets that will tear the world apart. And the secrets he is keeping are tearing him apart. How can sacrificing those he loves possibly achieve peace when everything he discovers risks the death of millions? The pacing complimented the plot, which was self-contained and a wonderful next step for the natural progression of the story. I hope the author continues developing and exploring the world, she has the fundamentals for a saga on her hands. Radzy Writes An intriguing second book in this surprising series. The end is so thrilling I want to read the next book. In De Boekenkast I was enveloped by the magic of this world The whole book was super unpredictable & the writing was, yet again, really easy to fall into. Writing with Wolves The character development is fantastic. The plot was intricate and absorbing. I wanted more. Jessica Belmont I love how the characters are developing and how the relationships, interactions and all the secrets are connecting and proving to be even more important to the all underlining of the story and plot. An exciting, interesting, thought-provoking, emotional journey. Jess Bookish Life An interesting post-apocalyptic universe...with plenty of intriguing characters. Becca's Books Interesting ideas, clear creativity and a vivid imagination. I think Bonner likes to leave readers teetering on the top of the abyss. Cheryl M-M's Book Blog Reviews for Strand of Faith – book 1 in the Choices and Consequences series Magical ... full of adventure with enjoyable characters...a must read for the genre! Touch My Spine Book Reviews The quick pace, perfect balance between information and action along with the likeable characters made Strand of Faith a truly enjoyable read. It is a truly unique story and the elements are woven together so well. Odd Socks and Lollipops What can I say about this book? It was pretty darn good! I can truly recommend this book to anyone that likes to read about choices and it has certainly paved the way for a fantastic series. Nemesis Book Blog Such an exciting concept executed so cleverly and uniquely. This is the start of such an exciting series and I cannot wait to see where we head off to next time. ZooLoo's Book Diary It is a rare book where you find so many incredibly well written, well rounded characters. The Midnight Review

State and Local Government Administration Dec 09 2020 Addressing the major issues of state and local government administration, this introductory, core textbook is ideal for courses in State and Local Government Administration, State Government, Municipal Government, Labor Relations, Public Budgeting and Decision-Making, Policy-Making and Personnel Administration. Offering reliable, up-to-date information, this text provides a thorough understanding of state and local government administration and its current, general trends. Written by leading experts in their respective fields, this work contains in-depth, authoritative examinations of four crucial areas: organization and management -- including management structures at various levels of government such as counties and special districts, and leadership functions; budgeting, decision-making, and financial management -- discussing state budgeting functions and limitations, and internal and external control mechanisms; policy-making and policy implementation -- demonstrating patterns within the executive and legislative branches as well as alternatives to municipal service delivery and the integration of human services management within delivery systems; and personnel administration and labor relations -- covering organizational training, employee benefits, unionism, and collective bargaining. Now, advanced undergraduate- and graduate-level public administration and political science students; public administrators and managers; and professionals in government agencies and institutes can meet the demands of this rapidly changing field with this outstanding text. Diagnostic Expertise in Organizational Environments Sep 17 2021 Diagnostic Expertise in Organizational Environments provides a state-of-the-art foundation for a new paradigm in expertise research and practice. Skilled diagnosis is essential for accurate and efficient performance across a range of organizational contexts, including aviation, finance, rail, forensic investigation, firefighting, and medicine. However, it is also a complex process, subject to the abilities and experience of individual operators, the culture and practices of organizations, the relationships between operators, and the availability and usefulness of technology. As a consequence, diagnostic skills can be difficult to learn, maintain, and evaluate. This volume is a comprehensive approach that examines diagnostic expertise at the level of the individual practitioner, in the social context, and at the organizational level. The chapter authors comprise both academics and highly skilled practitioners so that there is a clear transition from understanding the problem of diagnostic skills to the implementation of solutions, either through redesign, training, and/or selection. It will appeal to those academics and practitioners interested and involved in this field and also prove useful to students of psychology, cognitive science education and/or computer interaction.

Globalization and Development Mar 12 2021 Comparing the experience of East Asia and Latin America since the mid-1970s, Elson identifies the key internal factors common to each region which have allowed East Asia to take advantage of the trade, financial, and technological impact of a more globalized economy to support its development, while Latin America has not.

Reclaiming English Language Arts Methods Courses Feb 29 2020 Reclaiming English Language Arts Methods Courses showcases innovative work in teacher education that fosters teachers' capacities as reflective practitioners and public intellectuals; extends traditional boundaries of methods courses on teaching the English language arts, literacy, children's and young adult literature; and embodies democratic and critical politics that go beyond the reductive economic aims and traditional classroom practices sanctioned by educational policies and corporate educational reforms. Featuring leading and emerging scholars in English language arts teacher education, each chapter provides rich and concrete examples of elementary and secondary methods courses rooted in contemporary research and theory, on-line resources, and honest appraisals of the possibilities, tensions, and limits of doing teacher education differently in a top-down time of standards-based education, high-stakes testing, teacher assessment, and neoliberal education reforms. This book offers important resources and support for teacher educators and graduate students to explore alternative visions for aligning university methods courses with current trends in English and cultural studies, critical sociocultural literacy, new literacies and web 2.0 tools, and teaching the English language arts in multiethnic, multilingual, and underserved urban communities.

Mathematics and Transition to School Jan 28 2020 This edited book brings together for the first time an international collection of work focused on two important aspects of any young child's life – learning mathematics and starting primary or elementary school. The chapters take a variety of perspectives, and integrate these two components in sometimes explicit and sometimes more subtle ways. The key issues and themes explored in this book are: the mathematical and other strengths that all participants in the transition to school bring to this period of a child's life; the opportunities provided by transition to school for young children's mathematics learning; the importance of partnerships among adults, and among adults and children, for effective school transitions and mathematics learning and teaching; the critical impact of expectations on their mathematics learning as children start school; the importance of providing children with meaningful, challenging and relevant mathematical experiences throughout transition to school; the entitlement of children and educators to experience assessment and instructional pedagogies that match the strengths of the learners and the teachers; the importance for the aspirations of children, families, communities, educators and educational organisations to be recognised as legitimate and key determinants of actions, experiences and successes in both transition to school and mathematics learning; and the belief that young children are powerful mathematics learners who can demonstrate this power as they start school. In each chapter, authors reflect on their work in the area of mathematics and transition to school, place that work within the overall context of research in these fields, predict the trajectory of this work in the future, and consider the implications of the work both theoretically and practically.

Material Evidence May 26 2022 How do archaeologists make effective use of physical traces and material culture as repositories of evidence? Material Evidence takes a resolutely case-based approach to this question, exploring instances of exemplary practice, key challenges, instructive failures, and innovative developments in the use of archaeological data as evidence. The goal is to bring to the surface the wisdom of practice, teasing out norms of archaeological reasoning from evidence. Archaeologists make compelling use of an enormously diverse range of material evidence, from garbage dumps to monuments, from finely crafted artifacts rich with cultural significance to the detritus of everyday life and the inadvertent transformation of landscapes over the long term. Each contributor to Material Evidence identifies a particular type of evidence with which they grapple and considers, with reference to concrete examples, how archaeologists construct evidential claims, critically assess them, and bring them to bear on pivotal questions about the cultural past. Historians, cultural anthropologists, philosophers, and science studies scholars are increasingly interested in working with material things as objects of inquiry and as evidence – and they acknowledge on all sides just how challenging this is. One of the central messages of the book is that close analysis of archaeological best practice can yield constructive guidelines for practice that have much to offer archaeologists and those in related fields.

These videos are ideal for viewing in class or during independent study and are a valuable tool for revision prior to assessment. Other online resources include PowerPoint presentations, an exam view test bank, critical thinking questions and answers, integrated lesson plans, images, weblinks and a chapter on the Essentials of Care.

Strong Foundations Aug 24 2019 Strong Foundations: Evidence informing practice in early childhood education and care celebrates the progress made by the Australian early childhood education and care profession since the implementation of the Early Years Learning Framework. Recognising this progress, Associate Professor Anna Kilderry and Honorary Professor Bridie Raban lead a team of 34 notable contributors from 13 universities and institutions throughout Australia, who focus on the challenges of access, equity and quality that remain across the sector. With a Foreword by Professor Alison Elliott, Strong Foundations brings together knowledge and insights from research in education, health, social care, child safety, science, mathematics and the arts. The critical importance of health, wellbeing and safety in the first five years of children's lives is reflected in a particular focus on supporting positive lifestyle choices, on social and emotional development and on the role that adults play in keeping children safe. The book addresses policy requirements from the Early Years Learning Framework, the National Quality Standard and Quality Improvement Plans, highlighting links between research and practice, and making connections to the five EYLF Learning Outcomes. With an emphasis on professional practice expectations, Strong Foundations showcases evidence from Australian and international research and provides case studies of early childhood educators applying evidence-informed actions in a wide variety of education and care settings. Strong Foundations translates high-quality, peer-reviewed research into everyday practice and supports early childhood educators in improving long-term outcomes for children, families and communities.

My Fifth Ex-wife Oct 19 2021 As Perry Wintergreen, a three times divorced claims adjuster, searches for the root cause of his matrimonial disasters, he becomes entangled in a workplace sex scandal. Simultaneously, Perry perceives that the insurance company, where he has worked many years, has unjustly targeted him for forced early retirement. Meanwhile, he meets a widow who gives him solace, intimacy, and reenergizes his affinity for marriage. "I love you and don't want our children to witness us shacking up like this. Will you marry me? I want to be with you forever." Perry once again rolls the matrimonial dice and again craps out. Subsequently, Perry feels that his thirst for commitment is quenched by yet another extraordinary romance. He proposes marriage, he hopes, for the last time. "I have to learn to love people as they are and stop trying to love them only on my terms will you marry me?" "Yes, I'll marry you, I'll marry you tomorrow if you want." "That's great! I'll make you a good husband." "And I'll always be honest with you." His fifth marriage-an unfamiliar paradise-ultimately challenges his deep-seated beliefs at its core.

124 Years Before The Navy Mast - The Patten Family Nov 27 2019 The Patten brothers sailed the seven seas in the service of their country for 124 years. They performed their yeoman role in guiding the destinies of the great ships they served. The Navy's largest family of eight brothers and their father were a banner of patriotism promoting war bonds and recruiting fellow sailors to support the battle to achieve and maintain liberty, freedom and justice. The Iowa Patten brothers served patriotically in World War II. Six were on the Nevada next to the Arizona when Japan attacked Pearl Harbor. Later, they served on the Lexington in the Battle of the Coral Sea. This saga fuses history and genealogy in a scholarly manner using meticulous research with engaging storytelling including an account of their ancestors coming to America, orphan trains, life during the Depression, and Navy episodes and escapades. The book intertwines family lore narratives with historical battle accounts to amplify an understanding of history and the Patten family.

Summary of Melissa V. Harris-Perry's Sister Citizen Nov 19 2021 Please note: This is a companion version & not the original book. Sample Book Insights: #1 The struggle many black women face is to figure out which way is up in a crooked room full of warped images of their humanity. Some black women tilt and bend themselves to fit the distortion. #2 The play, For Colored Girls, was first produced Off-Broadway in 1975. It has sold more than a hundred thousand copies. It is a definitive artistic, visual, and poetic representation of the experience of the crooked room. #3 The struggle of black women to stand upright in a crooked world is a major theme in Shange's work. It is not just about victimization, but also about love, passion, exploration, joy, music, and dance. #4 The women in the focus groups identified three stereotypes of black women: Mammy, Jezebel, and Sapphire. They were either oversexed or asexual, and their roles were to be either promiscuous or asexual.

Choices and Consequences Feb 08 2021 A love story that starts at Christmas – but the New Year brings unthinkable choices... This is a story of faith, god and fantasy all mixed into a beautifully written tale of love and consequences of our actions....one that will stay with you... The Bookwormery When the fate of the world rests on your shoulders, how do you choose between what you ought to do and the only thing you really want? This collection contains all four books from the Choices and Consequences series. Strand of Faith : Book 1 In a post-apocalyptic future, a girl and a monk, both with extraordinary mental powers, have compelling reasons not to fall in love. But their choices will have consequences for the rest of the world. Brother Prospero has found comfort and fulfilment in the monastery. Then something forces him to reconsider his whole vocation. How can it possibly be right to leave a life of worship and service for human desire? Leonie has found sanctuary and safety at the Abbey. When she meets Prospero everything spirals out of her control. Everyone she's ever loved has died. She can't do that to him. But how can she walk away from the first place she's truly belonged? Abbot Gabriel is faced with an impossible choice. He can do nothing and watch the world descend into war. Or he can manipulate events and ensure peace – at the cost of two lives that he is responsible for. Is he strong enough to sacrifice those he loves? Thread of Hope : Book 2 Leonie may have run away but Prospero will find her. Only when he does find her, he ought to tell her who he really is, outside the monastery. Dare he risk it? But if he doesn't tell her, someone else may...

Marriage to Prospero is what Leonie wants most and the one thing she knows she can't have. If he found out what she was really like he'd despise her and she couldn't bear that. Better to leave now than live a lie – but it's harder than she expected. If only... Gabriel is discovering the secrets inherent in Leonie, secrets that will tear the world apart. And the secrets he is keeping are tearing him apart. How can sacrificing those he loves achieve peace when everything he discovers risks the death of millions? Weave of Love : Book 3 Leonie chose to sacrifice everything to save other people. Now those around her have to face the consequences – and those consequences are not what they expected. Prospero must deal with his own guilt. Now he will have to face up to all the family issues he has avoided for so long. Whatever he chooses to do, someone he loves will be hurt. Is he now strong enough to make the choice he couldn't make before? Gabriel discovers that the past is never what it seems – and nor is the present. How can he use what he now knows to bring together those who have been enemies for as long as anyone can remember? If he fails in this, everything he's had to do so far will be in vain. Cloth of Grace : Book 4 Leonie finally knows who she is. But now she needs to decide who she is going to be. Her choice will affect not just those she knows, but tens, hundreds of thousands, millions of people that she doesn't. How can she do what she must and still protect Perry? Perry has to find the strength to face the things that all but destroyed him in the past. But every way he turns, some aspect of his past lies waiting to pounce – even during his happiest moments. Gabriel has managed to negotiate peace, at least in theory. Then disaster strikes right in the middle of his own sanctuary. Can he still protect those he loves, or has he been harbouring a villain the whole time?

Study Guide for Perry's Maternal Child Nursing Care in Canada,E-Book Sep 05 2020 Thinking Critically case-based activities require students to apply the concepts found in the chapters to solve problems, make clinical judgement decisions concerning care management, and provide responses to patient questions and concerns. Reviewing Key Concepts questions in various formats give students ample opportunities to assess their knowledge and comprehension of information covered in the text. Matching, fill-in-the-blank, true/false, short-answer, and multiple-choice activities help students identify the core content of each chapter and test their understanding. Learning Key Terms matching and fill-in-the-blank questions let students test their ability to define all key terms highlighted in the corresponding textbook chapter. Perforated pages allow you to use activities for graded assignments. Answer key at the end of the book includes answers to all questions.

Fraudulent Gods Dec 21 2021 celebrities... Fraudulent gods. Should they be worshipped like idols? Are we suppose to be influenced and manipulated by them? Should spoiled privileged leftist celebs illiterate in politics, tell us who to vote, what path to take, what decisions to make and be our guide to life? The people presented in this book are authoritarians dictating your moral and logical judgements to advance their leftist agenda. This is a trend that has been in existence for a long time and its not only celebs but other famous influential people. The reason many of us tolerate these leftist lunatics' engagement in politics is because we know that behind their public images celebrities are real people, perhaps most importantly in this conversation, taxpaying American citizens. This gives them a right - and the freedom - to be in on this conversation. But what they are doing now is extreme and unnecessary. Uninformed hypocritical celebrities need to stay out of politics. They're unqualified to speak about the complexities of policies. Whereas, they are not politicians but ordinary or unordinary humans with the 'Celebrity Status'. They know nothing about politics, most of them are liars and frauds! The following individuals below are mentioned. Barack Obama, Hillary Clinton, Pope Francis, Queen Elizabeth, Oprah Winfrey, Eminem, Miley Cyrus, Beyoncé, Katy Perry, Emma Watson, Johnny Depp, Leonardo DiCaprio, Jimmy Kimmel, Madonna, Robert De Niro, Colin Kaepernick, Jennifer Lopez, Demi Lovato, Kendall Jenner, Ariana Grande, Jimmy Fallon, Taylor Swift, Lady Gaga, LeBron James, Marshall Lynch, Ellen DeGeneres, Jennifer Lawrence, and Kim Kardashian.

Listening to Children's Advice about Starting School and School Age Care Sep 29 2022 Reflecting the importance of drawing on children's perspectives to shape professional practice, this book offers a nuanced approach to understanding the aims, implications and practicalities of accessing and incorporating children's perspectives in pedagogical practices relating to transitions. Listening to Children's Advice about Starting School and School Age Care: emphasises the importance of listening to and respecting children's perspectives at the time of their transitions to school and school age care; shares children's perspectives of the transition to school and school age care in ways that are both authentic and provocative; explores implications for practice as a consequence of children's input; provokes a deep level of critical reflection and practice/policy development that is informed by a dialogue between research and practice. Chapters report research conducted in seven different countries to highlight approaches that acknowledge and respect children's input, and use this as a basis for critical reflection on practice, with a view to improving the children's transition experiences. Using examples of practice and offering practical and theoretical insights, the book illustrates the multiplicity of children's perspectives, and prompts educators to reflect on and critique practice. This book will be invaluable reading for researchers, students, educators and practitioners involved in young children's transitions to school and school-age care.

Red to Black: The Art of the Corporate Turnaround Oct 07 2020 Everywhere you look, businesses are closing their doors - both recent startups and long-standing establishments. No matter which statistics you read, it seems that the odds are against success for small-to-medium- sized businesses. Is closing the doors inevitable once the balance sheet reads red so many months in a row? Perry M. Anderson replies with a resounding No! This book offers hope and help to distressed business owners and managers in need of an immediate turn-around solution. Perry understands that it is not "just a business." Instead, it is the livelihoods that real families depend on. Appreciative of the urgency with which complex and high-impact decisions must be made, he delineates those tasks that must be done now in order to stave off the creditors, and the steps to undertake next in bringing the company back from the brink. In compassionate yet no-nonsense terms, Mr. Anderson shines a light through the shadow of bankruptcy onto the landscape of business turnaround.

Reflections on Water May 14 2021 This book offers conceptual and empirical support for the idea that the human relationship with water must move beyond rationalist definitions of water as product, property, and commodity.

Fallen Angels Jun 02 2020 Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon—Peewee, Lobel, Johnson, and Brunner—come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an e-book for the first time on the 25th anniversary of its publication, Fallen Angels has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories. Filled with unforgettable characters, not least Peewee Gates of Chicago who copes with war by relying on wisecracks and dark humor, Fallen Angels "reaches deep into the minds of soldiers" and makes "readers feel they are there, deep in the heart of war." Fallen Angels has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. Fallen Angels was #16 on the American Library Association's list of the most frequently challenged books of 1990–2000 for its realistic depiction of war and those who fight in wars.
