**A Passion for God's Reign** May 02 2020 In this challenging dialogue of the book, three of today's most respected Christian thinkers explore the role of theology, the task of Christian learning, and the meaning of the self in our contemporary Western society. Jürgen Moltmann builds a case for the "public" nature of Christian theology and explores how expressions of faith from both the church and the academy relate to significant aspects of modernity. Responses by Nicholas Wolterstorff, Ellen T. Charry provide a provocative engagement with Moltmann's views.

*Jürgen Moltmann and the Work of Hope* Jan 22 2022 The essays in this volume examine Jürgen Moltmann's work, which foregrounds human suffering as not simply a matter of ethics but a core concern for contemporary theology. The result is the expression of hope for a future of Christian theology that is fully engaged in the political, economic, ecological, and social problems of its time.

*Theology of Hope* May 26 2022 Causing a considerable stir when it was first published in Germany in 1965, "Theology of Hope" represents a comprehensive statement of the importance for theology of eschatology - and of an eschatological theology which emphasizes the revolutionary effect of Christian hope upon the thought, institutions and conditions of life in the here and now. Jürgen Moltmann understands Christian faith essentially as hope for the future of humankind and creation as this has been promised by the God of the exodus and the resurrection of the crucified Jesus. God's promise is the compulsory force of history, awakening hope which keeps human beings unreconciled to present experience, sets them in contradistinction to prevailing natural and social powers, and makes the church the source of continual new impulses towards, in Moltmann's own words, "the realization of righteousness, freedom and humanity in the light of the promised future that is to come". This new expanded edition of a theological classic includes his 2020 Charles Gore lecture 'A Theology of Hope for the 21st Century', in which he offers a powerful reflection on the nature of hope in our current times.

**God Will Be All in All** Aug 17 2021 An important discussion of Moltmann's work on eschatology, to which Moltmann himself has contributed responses and new e **The Future of Theology** Mar 12 2021 This is a print on demand book and is therefore non- returnable. Perhaps no other theologian of the second half of this century has shaped theology so profoundly as has Jürgen Moltmann. He appeared on the world theological scene with his *Theology of Hope* (1964) and took most of its capitals by storm. His subsequent works have kept him at the forefront of the modern theological enterprise, and the power of his vision and the originality of his method have inspired a host of new theologians. In terms of fecundity, Moltmann's opus remains unmatched among his generation of theologians. More than 130 dissertations written so far on his thought -- most of them in the past decade -- testify eloquently to its continued attractiveness. In honor of Moltmann's 70th birthday, twenty-six of the world's leading theologians -- his friends, colleagues, interlocutors, and former students -- have contributed to this volume on the future of theology. Moltmann himself has always sought to be both contemporary and future-oriented: his theology can be viewed as an exercise not only from the perspective of God's future but also toward a new human future. Thus, a book on the future of theology takes up an aspect of "his" theme and "his" concern. Yet this volume also makes a significant contribution to theology in its own right, seeking as it does to address the present crisis of theology. As Miroslav Volf writes in his introduction, "On the threshold of the third millennium, the presumed queen of sciences has grown old and feeble, unable to see that what she thinks is her throne is just an ordinary chair, uncertain about what her territories are, and confused about how to rule in the realms she thinks are hers, seeking advice from a quarrelsome chorus of counselors each of whom thinks himself the king, and ending up with a divided, even schizophrenic, mind." The essays in this volume attempt to revitalize theology as it confronts a difficult future. Despite the formidable obstacles that threaten the very survival of theology in the next century -- religious and cultural plurality; the marginalization of theology in public discourse; increasing abstraction in the practice of theology; pressing issues of gender, race, poverty, and ecology; the seemingly archaic voice of theology in post-Christian societies -- the contributors to this volume all believe in the future of theology as a vibrant discipline. *The Future of Theology* is organized in three parts. "Challenges" deals with the external or internal problems that theology is facing. "Perspectives" offers proposals on how to meet the challenges. "Themes" concentrates on various issues that need special attention today. Together, these essays succeed in setting the theological agenda for the future of theology, and thereby serve as a fitting tribute to this volume's esteemed honoree. **Theology as Hope** Mar 24 2022 Hope is the leitmotiv of Jürgen Moltmann's theology. Not merely one aspect of his project, hope is the whole of it, the supreme doctrine interpenetrating all others. Indeed, hope is his method. The present study is both historical and developmental while also being analytical and interrogative. This chronological exploration seeks to show the nature, composition, and development of Moltmann's doctrine of hope, as the distinctive doctrine of his theology, implicating all others. Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection. Part II investigates major doctrines in his project in light of this ground. This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach.

**Jürgen Moltmann in Plain English** Nov 27 2019 Jürgen Moltmann is a theological iconoclast, ever confronting the status quo. Stephen D. Morrison examines Moltmann's unique theology in this clear and accessible study. It is the third book of Morrison's Plain English Series, written "by a beginner, for beginners." This book studies each of Moltmann's major works of theology, including his most popular books (such as *Theology of Hope*, *The Crucified God*, and *The Trinity and the Kingdom*). Here we discuss Moltmann's groundbreaking proposals for eschatology, the Trinity, creation, and the suffering of God.

**In the End, the Beginning** Feb 20 2022 'In my end is my beginning', wrote T. S. Eliot at the close of his poem *East Coker*, and that line gave me the title for this book. With it I should like to express the power of the Christian hope, for Christian hope is the power of resurrection from life's failures and defeats. It is the power of the rebirth of life out of the shadows of death. It is the power for the new beginning at the place where guilt has made life impossible. From the Introduction by Jürgen Moltmann In this short doctrine of hope, Jürgen Moltmann examines the personal experiences in life, in which the future is awaited, times when we search for new beginnings and find them. In three parts that correspond to the three beginnings in life: birth, rebirth and resurrection, Moltmann extols the true value of Christian hope that powers new beginnings. Jürgen Moltmann is Emeritus Professor of Systematic Theology at the University of Tübingen, Germany. He is the author of a number of books published by SCM Press, including *Theology of Hope*, *The Crucified God* and *The Church in the Power of the Spirit*.

*Experiences of God* Dec 09 2020 Enduring meditations on hope, anxiety, and mysticalexperience, together with the author's personalconfession of faith.

**The Spirit of Hope** Sep 29 2022 Famous theologian Jürgen Moltmann returns here to the theme that he so powerfully addressed in his groundbreaking work, *Theology of Hope*. In the twenty-first century, he tells us, hope is challenged by ideologies and global trends that would deny hope and even life itself. Terrorist violence, social and economic inequality, and most especially the looming crisis of climate change all contribute to a cultural moment of profound despair.

Moltmann reminds us that Christian faith has much to say in response to a despairing world. In "the eternal yes of the living God," we affirm the goodness and ongoing purpose of our fragile humanity. Likewise, God's love empowers us to love life and resist a culture of death. The book's two sections equally promote these affirmations, yet in different ways. The first section looks at the challenges to hope in our current world, most especially the environmental crisis. It argues that Christian faith--and indeed all the world's religions--must orient themselves toward the wholeness of the human family and the physical environment necessary to that wholeness. The second section draws on resources from the early church, the Reformation, and the contemporary theological conversation to undergird efforts to address the deficit of hope he describes in the first section.

**Jürgen Moltmann's Ethics of Hope** Feb 29 2020 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann. By examining God's role as promise-giver, particularly in the Christian understanding of resurrection, this work describes the occupancy of both history and space in moral terms. This leads to an understanding of Jesus' description of 'the kingdom of God' to feature prominently in describing both the possibility and content of human moral action. By offering an account of each of the main doctrines found in Moltmann's corpus - the role of the future, the Trinity, the Holy Spirit, and anthropology - this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics.

**Ethics of Hope** Aug 29 2022 For a time of peril, world-renowned theologian Jürgen Moltmann offers an ethical framework for the future. Moltmann has shown how hope in the future decisively reconfigures the present and shapes our understanding of central Christian convictions, from creation to New Creation.

**Jesus Christ for Today's World** Jan 10 2021 Jürgen Moltmann formulates necessary questions about the significance of Jesus the Christ for persons today. He offers a compelling portrait of the earthly Jesus as the divine brother in our distress and suffering and points to the risen Christ as the warrant for the "future in which God will restore everything . . . and gather everything into his kingdom." Urging that acknowledgment of Christ and discipleship are two sides of the same coin, Moltmann contends that the question of Jesus Christ for today is not just an intellectual one. Moltmann takes fresh approaches to a number of crucial topics: Jesus and the kingdom of God, the passion of Christ and the pain of God, Jesus as brother of the tortured, and the resurrection of Christ as hope for the world, the cosmic Christ, Jesus in Jewish-Christian dialogue, the future of God, and others.

**A Church of Hope** Sep 17 2021 In *A Church of Hope*, author Van Nam Kim examines the ecclesiology of Jürgen Moltmann, a renowned Protestant theologian. Espousing a vision of unity for humanity, Moltmann's ecclesiology relates both to Christology and the theology of hope. He calls for the Church to become more involved in world affairs in order to improve the conditions of human beings and all creation. According to Moltmann, in the third millennium, the Church should become a "Church of Hope." This book will instigate a new understanding of ecumenism. Catholics are presented with an opportunity to understand the ecclesiology from a Protestant viewpoint. In contrast, Protestants will garner new insight into the foundation and traditions of the universal church prior to its division. Both Catholic and Protestant churches will be able to see how Moltmann proposes a church renewal, referring back to its Christological roots and projecting to the kingdom of God. Those who occupy posts in church hierarchy, as well as the laity, are encouraged to read this thought-provoking book, which will contribute greatly to a better understanding of world religions.

**The Way of Jesus Christ** Aug 05 2020 *The Way of Jesus Christ* discusses the following topics: 1. The symbol of the way embodies the aspect of process and brings out christology's alignment towards its goal. This symbol can comprehend Christ's way from his birth in the Spirit and his baptism in the Spirit to his self-surrender on Golgotha. It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia--the way he takes in the Spirit to Israel, to the nations, and into the breadth and depth of the cosmos. 2. The symbol of the way makes us aware that every human christology is historically conditioned and limited. Every human christology is a 'christology of the way,' not yet a 'christology of the home country,' a christology of faith, not yet a christology of sight. So christology is no more than the beginning of eschatology; and eschatology, as the Christian faith understands it, is always the consummation of christology. 3. Finally, but not least important: every way is an invitation. A way is something to be followed. 'The way of Jesus Christ' is not merely a christological category. It is an ethical category too. Anyone who enters upon Christ's way will discover who Jesus really is; and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took. Christology and christopraxis find one another in the full and completed knowledge of Christ. This christology links dogmatics and ethics in closer detail than in the previous volumes.

**God and the Pandemic** Aug 24 2019 'Superbly written, utterly Bible based. . . Do not hesitate!' Archbishop Justin Welby What are we supposed to think about the coronavirus crisis? Some people think they know: 'This is a sign of the End,' they say. 'It's all predicted in the book of Revelation.' Others disagree but are equally clear: 'This is a call to repent. God is judging the world and through this disease he's telling us to change.' Some join in the chorus of blame and condemnation: 'It's the fault of the Chinese, the government, the World Health Organization...' Tom Wright examines these reactions to the virus and finds them wanting. Instead, he invites you to consider a different way of seeing and responding -- a way that draws on the teachings and examples of scripture, and above all on the way of living, thinking and praying revealed to us by Jesus.

**Thomas Aquinas: A Very Short Introduction** Jul 24 2019 Thomas Aquinas, an Italian Catholic priest in the early thirteenth century, is considered to be one of the great Christian thinkers who had, and who still has, a profound influence on Western thought. He was a controversial figure who was exposed and engaged in conflict. This *Very Short Introduction* looks at Aquinas in a historical context, and explores the Church and culture into which Aquinas was born. It considers Aquinas as philosopher, and looks at the relationship between philosophy and religion in the thirteenth century. Fergus Kerr, in this engaging and informative introduction, will make *The Summa Theologiae*, Aquinas's greatest single work, accessible to new readers. It will also reflect on the importance of Thomas Aquinas in modern debates and asks why Aquinas matters now. ABOUT THE SERIES: The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

**Theology of Hope** Oct 31 2022 The following efforts bear the title *Theology of Hope*, not because they set out once again to present eschatology as a separate doctrine and to compete with the well known textbooks. Rather, their aim is to show how theology can set out from hope and begin to consider its theme in an

eschatological light. For this reason they inquire into the ground of the hope of Christian faith and into the responsible exercise of this hope in thought and action in the world today. The various critical discussions should not be understood as rejections and condemnations. They are necessary conversations on a common subject which is so rich that it demands continual new approaches.

**The Trinity and the Kingdom** Oct 26 2019 "An excellent introduction to the prophets and the prophetic literature . . . The goal of the book is to understand the thought of the prophets in their historical contexts, and to communicate that understanding for our time. Its approach, while innovative, builds upon the best of contemporary analysis of the prophetic literature." --Gene M. Tucker Candler School of Theology Emory University "Koch's first volume on the prophets of ancient Israel displays his sound and creative scholarship and will fill a bibliographical gap. He displays the individuality of each prophet with perceptive insight, but he also compares and interrelates them in his various summaries. Furthermore, Koch relates his study of individual prophets to theological currents that have been flowing through the scholarly world in recent decades." --Bernhard W. **Jürgen Moltmann** Nov 19 2021 A collection of readings from Jurgen Moltmann's essential theological works - one of the most widely read and quoted theologians of our time. Provides an introduction to Moltmann's theology of hope"

*In the End, the Beginning* Jun 26 2022 Jurgen Moltmann's new book is a powerful testament to personal hope in chaotic, even catastrophic, times and one of his most personal and compelling works to date. Debunking the classic images of Christian apocalyptic scenarios, Moltmann instead shows that Christian expectation of the future has nothing to do with a final struggle between God and Satan but everything to do with new beginnings and a horizon of hope -- in our birth, in our many rebirths, and in our resurrection. Book jacket.

*Experiences in Theology* Apr 12 2021 Provides a methodological afterword (rather than a foreword) to his systematic contributions to theology. Presents theology as an adventure of ideas, shaped by his personal career and the political context through which he has lived.

**The Spirit of Life** Jun 02 2020 Moltmann, the foremost Protestant theologian in the world (Church Times), brings his characteristic audacity to this traditional topic and cuts to the heart of the matter with a simple identification: What we experience every day as the spirit of life is the spirit of God. Such considerations give Moltmann's treatment of the different aspects of life in Spirit a verve and vitality that are concrete and existential. Veteran readers will find here a rich and subtle extension of Moltmann's trinitarian and christological works, even as he makes bold use of key insights from feminist and ecological theologies, from recent attention to embodiment, and from charismatic movements. Newcomers will find a fascinating entree into the heart of his work: the transformative potential of the future. Moltmann develops a theology of the Holy Spirit that links the Christian community's experience of the Spirit to the sanctification and liberation of life. He brilliantly displays the ecological and political significance of Christian belief in the Trinity.

**Resurrected to Eternal Life** Jun 14 2021 In this deeply personal and daring meditation, eminent theologian Jürgen Moltmann challenges many closely held beliefs about the experience of dying, the nature of death, and the hope of eternal life. Moving deftly between biblical, theological, and existential domains, Moltmann argues that while we know intimately the experience of dying--both our loved ones' dying and, ultimately, our own--death itself is a mystery. Are those who have died in fact dead? If the dead are alive, how or in what respect? When the dead awaken to eternal life, who wakes? Moltmann's interrogations yield surprising and beautiful fruits. The living soul that awakens to eternal life is not a ghost in a machine, but the Lebensgestalt, the shape and story of a life, its human and divine contexts, its "whole." Drawing on themes from his oeuvre's entire arc, *Resurrected to Eternal Life* testifies to the inner unity of Moltmann's theology: the cross, the Spirit, the kingdom, the end, and the hope that makes the end present here and now. Seasoned readers of Moltmann will find in these pages a capstone of a lifetime of theological exploration, while those new to his complex thought will find a concise and elegant entry point into his voluminous work.

**Faith Seeking Understanding** Sep 05 2020 Daniel Migliore's *Faith Seeking Understanding* has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of *Faith Seeking Understanding* features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, "Confessing Jesus Christ in Context," explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and mujerista traditions. The second new chapter, "The Finality of Jesus Christ and Religious Pluralism," addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

*Theology of Jürgen Moltmann* Jul 04 2020 The most comprehensive study available of one of the most influential of German Protestant theologians.

*The Source of Life* May 14 2021 Directly, simply, and forcefully, Jürgen Moltmann here presents his reflections on the Spirit and the spiritual life that were the essence of his prior book, *The Spirit of Life*. In this short, accessible work, he combines a deep personal faith with admirable learning and experience. Moltmann views the Holy Spirit as the power of new life, which enlivens body and soul, spirit and mind. In the Holy Spirit we experience the presence of God, community among people, as well as between humans and all created living things on earth. Beginning with his experiences as a prisoner of war, Moltmann anchors his reflections in a theology of life—and the Spirit as renewer of life—which ties biblical perspectives to contemporary manifestations, hope to holiness, creation to community, and spirituality to prayer. Moltmann at his best, this little theology stimulates the experience of the Holy Spirit in one's own life.

**The Crucified God** Oct 07 2020 This is Jürgen Moltmann's best and therefore most important book. He has substantially changed the central thrust of his theology without sacrificing its most vital element, its passionate concern for alleviation of the world's suffering. —Langdon Gilkey "The Crucified God rewards, as it demands, the reader's patient and open-minded attention, for its theme is nothing other than the "explosive presence" of the sighting and liberating Spirit of God in the midst of human life." —The Review of Books and Religion

**The God of Hope** Jan 28 2020 Jurgen Moltmann's messianic trinitarianism is widely regarded as the theoretical foundation for much of contemporary liberation theology. Having entered radically into the terms involved in the dialectical structure of Moltmann's thought, *The God of Hope* concludes that Moltmann's "God" is an unreal and unrealizable symbol of human community eschatologically projected in conjunction with revisionist Marxist Humanism.
