YOU: The Owner's Manual for Teens May 02 2022 A few years ago, we wrote YOU: The Owner's Manual, which taught people about the inner workings of their bodies and how to keep them running strong. But you know what? There's a big difference between an adult's body and your body, between adults' health mysteries and your health mysteries, between their questions and your questions. So, teens, this book is for YOU. We'll talk to you about the biological changes that are happening in your brain and your body. We'll show you how to get more energy, improve your grades, protect your skin, salvage more sleep, get fit, eat well, maximize your relationships, make decisions about sex, and so much more. In fact, in these pages, we answer hundreds of your most pressing health-related questions. And you know what else? We are going to treat you like adults in one very important way: We're not going to preach. We're going to give you straight-up information that you can use to make smart choices about how to live the good life and enjoy every second of it. Starting right now.

[The Owner's Manual to Terrible Parenting](#) Oct 07 2022 Guy Delisle knows all the worst parenting techniques Guy Delisle, the author of Jerusalem: Chronicles from the Holy City and A User's Guide to Neglectful Parenting, shares hilarious new comic strips that pay tribute to all the ways parents can drive their kids crazy, and vice versa, in The Owner's Manual to Terrible Parenting. Slipping grammar lessons into bedtime stories, being challenged by difficult toys, and pretending to forget you even have a son: it's all in a day's work for Delisle. In The Owner's Manual, Delisle doesn't hesitate to make a slightly bumbling, fictionalized version of himself the butt of the joke, though his children often contribute zingy repartee and laugh-out-loud insight in the stories on display here. The Owner's Manual is the perfect antidote to frustrating car rides filled with "Are we there yet?" and epic battles over homework. Delisle's effortless pacing and witty punch lines reign supreme here, making each vignette zip along to its conclusion.

[Personality Type: An Owner's Manual](#) Feb 28 2022 Drawing from Jungian psychology and popular culture, this detailed guide to personality types will help you develop a deeper, more meaningful sense of your truest self For Jung, knowing your type was essential to understanding yourself: a way to measure personal growth and change. But his ideas have been applied largely in the areas of career and marital counseling, so type has come to seem predictive: a way to determine your job skills and social abilities. This book reclaims type as a way to talk about people's inner potential and the choices they make in order to honor it. Using everyday examples from popular culture—films, Star Trek, soap operas, comic strips—it describes the sixteen basic ways people come to terms with their gifts and values. In this book you will find tools to understand: □ How your personality takes shape □ How your type reflects not only your current priorities, but your hidden potential □ How unfulfilled possibilities are trying to get your attention □ How relationships at home and at work can help you to tap your unrealized gifts

Thebes Aug 13 2020 I mean, what is Thebes? A theocracy? No. A meritocracy? Certainly not. A monarchy? Kind of. A patriarchy? Less and less so. Thebes is many things, and to revolutionise that? Well, how? From Oedipus to Antigone, the story of Thebes remains a fascinating exploration of fate, morality and chaos, two and a half thousand years after the saga was originally written. The first domino falls as Oedipus realises he has unwittingly fulfilled a cruel and unusual prophecy. As control of Thebes is handed to Creon, his sons fight each other for the kingdom and his daughter Antigone is determined to serve the honour of her family to the bitter end. This version weaves together Sophocles and Aeschylus to present the full, visceral and bloody account of the Oedipus dynasty.
