I also like to put as many screen shots as possible, which make explanations that much clearer.

Writing: A User Manual May 09 2020 You are a writer and you have a killer book idea. When your project starts to take off you will find yourself managing a writhing tangle of ideas, possibilities and potential potholes. How do you turn your inspiration into a finished novel? *Writing a User's Manual* offers practical insight into the processes that go into writing a novel, from planning to story development, research to revision and, finally, delivery in a form which will catch the eye of an agent or publisher. David Hewson, a highly productive and successful writer of popular fiction with more than sixteen novels in print in twenty or so languages, shows how to manage the day to day process of writing. Writers will learn how to get the best out of software and novel writing packages such as Scrivener, which help you view your novel not as one piece of text, but as individual linked scenes, each with their own statistics, notes and place within the novel structure. As you write, you will need to assemble the main building blocks to underpin your artistry: story structure; genre - and how that affects what you write; point of view; past, present or future tense; software for keeping a book journal to manage your ideas, research and outlining; organization and more. The advice contained in this book could mean the difference between finishing your novel, and a never-ending work in progress. An essential tool for writers of all kinds. Foreword by Lee Child.

The Jordan Automobile Dec 28 2021 The subject of one of the great advertising campaigns of the early 20th century, the "Somewhere West of Laramie" ads, Jordan is a well-remembered marque despite its brief duration. Edward Stanlaw "Ned" Jordan was born November 21, 1882, in Merrill, Wisconsin, and worked as a journalist before finding work in the automobile industry. A pioneer of automobile advertising and sales who got his start with Thomas B. Jeffery and Company in 1907, he founded the Jordan Motor Car Company with fellow Jeffery employees Russell S. Begg as experimental engineer and Paul Zens as purchasing agent in 1916. This book is both a biography of Ned Jordan and a history of his company and its vehicles from its beginning in 1916 to its end on April 1, 1932, when non-payment of franchise taxes forced its dissolution. Jordan's first models were four- and seven-passenger custom-type touring cars, but it would become famous for the Sport Marine, the Playboy, the Little Tomboy, and the Little Custom Jordan. Spectacularly illustrated.
