The Ghosts of Belfast Mar 07 2020 A New York Times Notable Book and Winner of The Los Angeles Times Book Prize, Neville's debut remains "a flat-out terror trip" (James Ellroy) and "one of the best Irish novels, in any genre, of recent times" (John Connolly). Northern Ireland's Troubles may be over, but peace has not erased the crimes of the past. Gerry Fegan, a former paramilitary contract killer, is haunted by the ghosts of the twelve people he slaughtered. Every night, at the point of losing his mind, he drowns their screams in drink. But it's not enough. In order to appease the ghosts, Fegan is going to have to kill the men who gave him orders. From the greedy politicians to the corrupt security forces, the street thugs to the complacent bystanders who let it happen, all are called to account. But when Fegan's vendetta threatens to derail a hard-won truce and destabilize the government, old comrades and enemies alike want him dead.

Rearing Marketable Channel Catfish in Ponds Apr 19 2021 Intensive culture of catfish has not been developed as it has for trout and carp production. Even so, intensive catfish rearing ventures are yielding modest to sizeable secondary incomes in Southern and Central States where pond temperatures are 70 degrees F or higher at least 4 months during the year. In most cases, fingerlings are purchased from commercial breeders, because catfish propagation requires elaborate facilities and considerable time.

Collusion Oct 14 2020 Former paramilitary killer Gerry Fegan wanders New York City, hiding from a past he escaped at terrible cost. But he made a fatal mistake: he spared the life of Bull O'Kane, a ruthless man who will stop at nothing to get his revenge. Too many witnesses survived a bloody battle at his border farm, and now he wants them silenced.

Brass Buttons - Blue Coats Dec 04 2019 Brass Buttons, Blue Coats "Remembering All Who Served 1871 to 1971" By: George E. Rutledge As a young police sergeant in 1976, George E. Rutledge met a veteran who told him, "I served 35 years in our police department and the day I retired was the very last time I ever heard from anyone in the police department. And the same thing will happen to you." Rutledge has dedicated his life to making sure all who served in the Yonkers Police Department are remembered and honored. Brass Buttons - Blue Coats is a thorough documentation of all individuals who have served from the beginning of the Yonkers Police Department to 1971. Personal profiles and photographs create a lasting memorial of service. In 1866, still suffering from the turmoil of the Civil War, the town of Yonkers voted to hire fourteen Metropolitan Policemen from New York, creating the first Yonkers police force. From this humble beginning, the Yonkers police force has grown to over 600 dedicated men and women. From foot patrols to squad cars, notebooks to computers, the Yonkers police force has grown and adapted with the times. But the purpose has never wavered: to Serve and Protect. Civil War veterans, Vietnam veterans, rescue workers after 9/11, and Special Olympic volunteers - the Yonkers force is filled with people who have dedicated their lives to their country and their community. Rich with details of service and crimes over 100 years, Brass Buttons - Blue Coats is both a fitting tribute to brave men and women as well as a fascinating look at the history of Yonkers and the history of crime.

Congressional Record May 09 2020 The Congressional Record is
the official record of the proceedings and debates of the United
States Congress. It is published daily when Congress is in session.
The Congressional Record began publication in 1873. Debates for
sessions prior to 1873 are recorded in The Debates and
Proceedings in the Congress of the United States (1789-1824),
the Register of Debates in Congress (1824-1837), and the
Congressional Globe (1833-1873)

JOHN LENNON - Wanted by the FBI May 01 2022 The
ultimate and most comprehensive book on the John Lennon FBI
files. For the first time, the complete FBI files on John Lennon are
published, explained and illustrated. These documents, completed
by CIA and INS archives, shine a new light on John Lennon's post-
Beatles life in New York City. He was investigated for
pornography, harassed for several years by President Nixon's
administration that wanted to deport him because of his political
and anti Vietnam War activism. The FBI also investigated when
Lennon and his family were later threatened for money. The last
file tackles issues relating to his murder in December 1980. This
book is a must have for every Lennon fan and for anyone

Gimme Some Truth Feb 27 2022 When FBI Director J. Edgar Hoover reported to the Nixon White House in 1972 about the Bureau's surveillance of John Lennon, he began by explaining that Lennon was a "former member of the Beatles singing group." When a copy of this letter arrived in response to Jon Wiener's 1981 Freedom of Information request, the entire text was withheld—along with almost 200 other pages—on the grounds that releasing it would endanger national security. This book tells the story of the author's remarkable fourteen-year court battle to win release of the Lennon files under the Freedom of Information Act in a case that went all the way to the Supreme Court. With the publication of Gimme Some Truth, 100 key pages of the Lennon FBI file are available—complete and unexpurgated, fully annotated and presented in a "before and after" format. Lennon's file was compiled in 1972, when the war in Vietnam was at its peak, when Nixon was facing reelection, and when the "clever Beatle" was living in New York and joining up with the New Left and the anti-war movement. The Nixon administration's efforts to "neutralize" Lennon are the subject of Lennon's file. The documents are reproduced in facsimile so that readers can see all the classification stamps, marginal notes, blacked out passages and—in some cases—the initials of J. Edgar Hoover. The file includes lengthy reports by confidential informants detailing the daily lives of anti-war activists, memos to the White House, transcripts of TV shows on which Lennon appeared, and a

proposal that Lennon be arrested by local police on drug charges. Fascinating, engrossing, at points hilarious and absurd, Gimme Some Truth documents an era when rock music seemed to have real political force and when youth culture challenged the status quo in Washington. It also delineates the ways the Reagan, Bush, and Clinton administrations fought to preserve government secrecy, and highlights the legal strategies adopted by those who have challenged it.

The FBI Encyclopedia Sep 05 2022 The Federal Bureau of Investigation, America's most famous law enforcement agency, was established in 1908 and ever since has been the subject of countless books, articles, essays, congressional investigations, television programs and motion pictures—but even so it remains an enigma to many, deliberately shrouded in mystery on the basis of privacy or national security concerns. This encyclopedia has entries on a broad range of topics related to the FBI, including biographical sketches of directors, agents, attorneys general, notorious fugitives, and people (well known and unknown)
