***Geography, Year 1 Apr 05 2020 Please note this title is suitable for any student studying: Exam Board: Edexcel Level: A Level Year 1 and AS Subject: Geography First teaching: September 2016 First exams: June 2018 A student-friendly and engaging textbook for the Edexcel GCE A Level Year 1 and AS specifications. It has been specially written to match the demands of the 2016 specifications and has been endorsed for Edexcel. The coverage of key geographical concepts and processes is accessible and clear, and all students will be engaged by the interesting, up-to-date examples and case studies - while the rigour, detail, and depth required by the specifications is retained throughout. Clearly-written objectives open each section, setting out for students what they need to learn, and high-quality photos, maps, and diagrams aid explanations. Motivating activities, exam-style questions, and coverage of the required skills are strong features. The book is completed with a glossary for each chapter and a full index. Answer guidance for the activities is available on Kerboodle (school purchase only).***

***Didactic Strategies and Resources for Innovative Geography Teaching Apr 17 2021 Education has undergone a series of changes based on the new technologies, strategies, and best practices that have been developed in recent years. Specifically, the way various subjects are taught has developed considerably as education turns toward a more digital approach. Geography education is no different and has had to adjust to these innovative practices in order to provide students with the best possible curricula. Didactic Strategies and Resources for Innovative Geography Teaching presents educational strategies and resources to promote cross-disciplinary approaches to teaching geographic knowledge and skills. The book also discusses how geography education boosts essential cognitive and attitudinal processes in personal development, fosters critical thinking, and builds a society committed to its environment. Covering key topics such as mobile learning, natural learning environments, and geographic information systems, this reference work is ideal for teachers, geographers, researchers, scholars, academicians, practitioners, instructors, and students.***
