The Last Safe Place May 02 2022 In the deepest, darkest midnight of her soul, Gabriella writes a novel, a horror thriller about demons... and then one of them crawls up out of the pages and confronts her face to face. A deranged, fanatical stalker who believes he is The Beast of Babylon from her novel turns up at a book signing and then comes after her to claim her as his bride. And to sacrifice her son, Ty, as an offering to their unholy union. When Gabriella narrowly escapes the crazy fan's clutches, she leaps into panicked action. She, Ty, Ty's grandfather, Theo--the crusty old stand-up comic called Slap Yo Mama Carmichael, and their golden retriever Puppy Dog--run for their lives, back to the only place in Gabriella's life where she ever felt safe. But once there, she discovers that facing the demons from her past may be harder and more dangerous than facing the one who stalks her. As Ty and Theo battle their own, personal monsters, Gabriella is drawn into a romance with man shrouded in mystery who carries a guilt she can't even begin to imagine. The stalker who hunts Gabriella and her family tracks them down and corners his prey as a full moon rides high in the night sky and lightning explodes on the mountaintop. Then all their lives and demons collide in a final, apocalyptic celebration of one man's madness. Gabriella's only hope lies in a mystery from her childhood the unexplainable power of 2,000-year-old tree. Is it strong enough to save them? In the suspense-filled, thriller ending, can a single, perfect bristlecone pine somehow determine the fate of them all?"

The Occupation of Iraq Nov 27 2021 Involved for over thirty years in the politics of Iraq, Ali A. Allawi was a long-time opposition leader against the Baathist regime. In the post-Saddam years he has held important government positions and participated in crucial national decisions and events. In this book, the former Minister of Defense and Finance draws on his unique personal experience, extensive relationships with members of the main political groups and parties in Iraq, and deep understanding of the history and society of his country to answer the baffling questions that persist about its current crises. What really led the United States to invade Iraq, and why have events failed to unfold as planned? The Occupation of Iraq examines what the United States did and didn't know at the time of the invasion, the reasons for the confused and contradictory policies that were enacted, and the emergence of the Iraqi political class during the difficult transition process. The book tracks the growth of the insurgency and illuminates the complex relationships among Sunnis, Shias, and Kurds. Bringing the discussion forward to the reconfiguration of political forces in 2006, Allawi provides in these pages the clearest view to date of the modern history of Iraq and the invasion that changed its course in unpredicted ways.

Act of Faith Feb 28 2022 Act of Faith: America's longest running criminal conspiracy perpetrated against children By: Stephen Rubino www.actoffaithbook.com About the Book In his debut novel, trial attorney Stephen Rubino takes the reader on an electrifying journey of deceit, intrigue, tragedy, passion and ultimate redemption. At the intersection of the sacred and the profane, Act of Faith dissects the Vatican's complicity in

America's longest criminal conspiracy perpetrated against children. This multi-generational family saga is richly portrayed through an ensemble cast of unforgettable characters, revealing the secret world of the Vatican's sheltering of sexual predators to avoid bringing scandal to the faithful. Act of Faith offers an unflinching account of the still emerging sexual abuse scandal plaguing the Catholic Church and its impact on the survivors and their families across America. The story chronicles the lives of siblings Francis and Elizabeth Natale, who suffer unspeakable psychological damage after being sexually abused by their trusted parish priest. As adults, Francis and Elizabeth become estranged, each hiding their secrets in dangerous double lives. He as a gifted pianist and sexually conflicted Catholic priest, she as a reckless but highly successful trial attorney. After resigning her partnership in a major New York City law firm, Elizabeth sets out to uncover the roots of the abuse scandal and to exact her personal revenge. On a serendipitous road trip across the country, Elizabeth confronts her lifelong demons and forms an unlikely alliance with Father Thomas Atkinson, her long lost high school love who has become a Vatican whistleblower. After a tense reunion with Francis, the trio enters the super-charged environment of high stakes litigation, exposing the Church's centuries old practice of hiding sexual predators in plain sight from the religious faithful and law enforcement. Together, the trio brings to the courthouse steps the first Federal Civil Racketeering lawsuit against the Catholic Church.

The Reckoning May 22 2021 Sorceress of psychological suspense, Ninie Hammon, brings you the third book in The Knowing Saga, a sprawling tale of spiritual warfare that spans a quarter of a century. If you crave sleep-with-the-lights-on suspense coupled with characters so true they'll feel like family then, The Reckoning is right up your alley. Ordinary people. A demon from hell. The final showdown... In the summer of 1985, Daniel Burke, Becca Hawkins, and Jack Carpenter confronted a demon prince, an efreet, and somehow drove it back to hell. They were twelve years old. Twenty-six years later, the efreet returns and sends superhuman assassins to kill the now-adult "Three Muskateers" before they can challenge him again. Reconnecting for the first time in a quarter of a century, the childhood friends piece together fragmentary memories of that long-ago summer as they fight desperately to stay alive—and to stop the voracious quest for power of the man possessed by the efreet, Chapman Whitworth, Now comes the final confrontation. The only thing that stands between Whitworth and the presidency of the United States is a rag-tag group of ordinary people--Daniel, Becca, Jack, and their friends. This time, they have to go after the demon, not the man—and it doesn't matter that none of them remembers how they defeated it the first time. They have to find the monster--hidden in a labyrinth of dark caves protected by legions of poisonous spiders and snakes. And they have to stand together against it. If any one of them breaks, they all will die. It has come down to this—one last chance. It's time for the reckoning. The Knowing began the tale. The Deceiving expanded it. Now, The Reckoning delivers a heart-pounding continuation with a riveting account of the battle against an evil as old as the skeleton of the universe. ★★★★ "Simply phenomenal. It's hard to nail the conclusion to a trilogy in a satisfying manner, but Ninie really knocked it out of the park." -- Steve Bochte ★★★★ "What a ripping finale to the trilogy!! The author's wild imagination, coupled with brilliant word skills and dazzling descriptive abilities, present this work as a reading experience - not just a book. Suspense, action, horror, intrigue - it's all there, along with beautifully balanced and subtle humour when the occasion calls for it." -- M. Dusrston ★★★★ "There are times during the reading of the book that I was so caught up in the story that I reacted physically with racing heart and sweating palms. At other times I consciously breathed a sigh of relief and appreciated the calm. It's possible to read any of the three books in this set alone and follow the story line. But don't cheat yourself, read The Knowing and The Deceiving before you jump off into The Reckoning. You won't regret it!" -- Phyllis W. ★★★★ "LOVED IT....Again Ninie has not let me down. Before I read book 3 I re-read the first two again. I was expecting to rush thru those because of knowing what happened, NOT. I enjoyed reading them again and picked up some points I didn't see the first time. If you have not tried this author, you really must. Most of her books I would give 10 stars if I could. You rock Ninie!!!" -- D. Price ★★★★ "This book is fairly fast paced which makes it hard to put down. The fact that the action keeps you turning pages, sometimes does cause me to get less sleep. Then when I finally read the last page, I am sorry that I read so quickly and that it is already over." -- Kaye If you like fast-paced action, gut-tying thrills and themes that will challenge everything you believe about yourself, life and reality, about good and evil and the whole nature of the universe—The Reckoning is the book for you.

The Bread of Salt and Other Stories Dec 29 2021 Long considered the dean of modern Philippine literature, N. V. M. Gonzalez has influenced an entire generation of young Philippine writers and has also acquired a devoted international readership. His books, however, are not widely available in this country. The Bread of Salt and Other Stories provides a retrospective selection of sixteen of his short stories (all originally written in English), arranged in order of their writing, from the early 1950s to the present day. This is a powerful collection, both for the unity and universality of the author's subjects and themes and for the distinctive character of his prose style. As Gonzalez remarks in his Preface: "In tone and subject matter, [these stories] might suggest coming full circle - in the learning of one's craft, in finding a language and, finally, in discovering a country of one's own." Gonzalez has traveled widely and has taught the writer's craft in various countries. Nonetheless, his primary metaphor is his colonial island homeland, and his stories are peopled with the farmers and fishermen, the schoolteachers and small-town merchants, "the underclass who constitute the majority in all societies." He portrays, in the men, women, and children of the peasantry, an ordinary and enduring people who live lives of stark dignity against a backdrop of forgotten and unknown gods. A broad humanity suggests itself: "This feeling of having emerged out of a void, or something close to it, is not uncommon, and we face our respective futures predisposed, by an innocence, to prayer and hope." Colonization, Gonzalez feels, has created in Filipinos "a truly submerged people." The stories in The Bread of Salt explore this rich vein at several levels, from the river-crossed wilderness of the kaingin farmers, stoic in the hard face of nature; to the commercial centers of the town dwellers, cut off from the mythic animism of the land; to the America of the contemporary sojourner, exiled from the old ways without the guidance of new traditions. Gonzalez writes: "It was in America that I began to recognize my involvement in the process of becoming a new person . . . of trying to shed my skin as a colonial." Gonzalez's social commentary is implicit throughout his stories. His message is humane, moral, tellingly accurate, and gently ironic; he is neither sentimental nor doctrinaire. His narratives are presented without intrusive explanation, invoking instead the reader's own powers of contemplation and discovery. His strong prose style, spare yet lyrical suggests the cadences of Philippine oral narrative traditions. Each of these sixteen tales is a small masterpiece. The language and its imagery, the characters and their aspirations, all connect powerfully with the reader and serve to illuminate the dreams of exiles and colonials, suggesting what it was like, as a Filipino, to witness the endless interacting of cultures.

Typin' 'Bout My Generation Feb 16 2021 There is a storyteller in you. She doesn't care how old you are. She doesn't care if you're retired, semi-retired, nearing retirement or just over it. She doesn't care if you used to be a repairman, or an accountant, or a rodeo clown. She doesn't care how sure you are that it's too late to start something new. There is a storyteller in you. And it's time you started listening. My name is Ninie Hammon and I'm 72 years old. (If you say 72 years young, I will reach out from this page and punch you in the face.) I started writing my first book when I was 58. Too late? Nonsense. In fact, it was the perfect time to start writing. In this short little book, I'll do my best to show you that ... - Retirement is the perfect time to start writing. - Expendable time is the most valuable time there is. - Technology sucks, but it also doesn't matter. - Readers matter even more than you think. - Community is the secret sauce on everything. - Doing the thing is the most important thing. And so much more. Or maybe just those things. But also stories! And tangents. So many tangents. And references only you will get. There's even something in here for *gasp* people that aren't 72 yet. Or 52. Or even 32. It's time to stop thinking about who you were before and consider who you can be right now. It's time to become a storyteller.

Amen, Amen, Amen Jun 03 2022 Until the age of ten, Abby Sher was a happy child in a fun-loving, musical

family. But when her father and favorite aunt pass away, Abby fills the void of her loss with rituals: kissing her father's picture over and over each night, washing her hands, counting her steps, and collecting sharp objects that she thinks could harm innocent pedestrians. Then she begins to pray. At first she repeats the few phrases she remembers from synagogue, but by the time she is in high school, Abby is spending hours locked in her closet, urgently reciting a series of incantations and pleas. If she doesn't, she is sure someone else will die, too. The patterns from which she cannot deviate become her shelter and her obsession. In college Abby is diagnosed with obsessive-compulsive disorder, and while she accepts this as an explanation for the counting and kissing and collecting, she resists labeling her fiercest obsession, certain that her prayers and her relationship with G-d are not an illness but the cure. She also discovers a new passion: performing comedy. She is never happier than when she dons a wig and makes people laugh. Offstage, however, she remains unable to confront the fears that drive her. She descends into darker compulsions, starving and cutting herself, measuring every calorie and incision. It is only when her earliest, deepest fear is realized that Abby is forced to examine and redefine the terms of her faith and her future. Amen, Amen, Amen is an elegy honoring a mother, father, and beloved aunt who filled a child with music and their own blend of neuroticism. It is an adventure, full of fast cars, unsolved crimes, and close calls. It is part detective story, part love story, about Abby's hunt for answers and someone to guide her to them. It is a young woman's radiant and heartbreaking account of struggling to recognize the bounds and boundlessness of obsession and devotion.

Hush Jan 30 2022 HushWhat's your greatest fear?It's criminal profiler Ivy Dunlap's job to unravel the psyches of the most dangerous men alive. None haunts her dreams more than the killer who took her son's life sixteen years ago, then silently disappeared into the dark. Now an urgent request for help from the Chicago police has reawakened Ivy's greatest nightmare. The Madonna Murderer has returned to fulfill his calling. This time Ivy understands the killer and will face her greatest fear to stop him from killing again. Publishers Weekly Few serial killers penned by suspense writers today are as warped or as fully realized as the Madonna Murderer, who preys on newborn baby boys and their unwed mothers. As if the crime itself isn't bad enough, the killer leaves a musical snow globe that plays "Hush, Little Baby" in the infant's crib as his calling card. It has been nearly two decades since Ivy Dunlap and her infant son were victimized by the Madonna Murderer. Unbeknownst to the killer, Ivy survived the assault. Her baby didn't. Now a respected criminal psychologist, Ivy is called into service by the Chicago P.D. when the killer resurfaces after 16 years of dormancy. Her personal interest in the case takes on a sharper edge when she learns that her partner, Detective Max Irving, has a son named Ethan who is the same age her child would have been had he survived. When Ivy tries to rattle the Madonna Murderer by publishing a "dead-baby letter" in the newspaper, the killer becomes more daring; he befriends Ethan, sends Ivy a chunk of his skin bearing a tattoo and expands his profile of victims. Although some readers may be turned off by the novel's graphic nature, a wealth of procedural detail, a heart-thumping finale and two scarred but indelible protagonists make this a first-rate debut.

Her first picture is of a drowning girl. She doesn't know who or where the girl is, or worse, how to stop her prediction from coming true. Can Bailey find the girl and prevent a tragedy — without letting anyone know she's still alive? Discover what thousands of Ninie's readers already know about her unforgettable five-star work: ★★★★★ "This book was so good, I was breathing so hard and had to stop reading for a minute to get my breath back. The Knowing Aug 01 2019 Sorceress of psychological suspense, Ninie Hammon, brings you the first book in The Knowing Saga, a sprawling tale of spiritual warfare that spans a quarter of a century. If you crave sleep-with-the-lights-on suspense coupled with characters so true they'll feel like family, The Knowing will open a world you won't want to believe is real. But it is. It starts with a school shooting... It ends with the return of an evil as ancient as the bones of the universe. When the hot call comes over the radio: "Code Red! Active shooter at Carlisle Elementary School," Police Sergeant Jack Carpenter has only one job: find the gunman; take him out. Carpenter rushes into the school, fully armed and focused on cold, hard reality. But what happens to him there shatters the world as he knew it. And in the next three days, everything Jack Carpenter believes about himself, about reality, about good and evil and the whole nature of the universe will be challenged. Can it possibly be true—seriously?—that invisible demons prowl among us? That a winged creature more horrifying than any Hollywood-animated, computer-generated, mechanical unreality, exist? And that the single-minded mission of the beast—a creation of absolute, soul-less evil—is to kill Jack Carpenter? That's crazy! Fairy-tale-science-fiction-horror-movie-bogeyman crap! Bottom line: it flat-out cannot possibly be true. But it is. Award-winning journalist and suspense author Ninie Hammon has created a terrifyingly real world where the people fighting to defeat invisible monsters from the bowels of hell are folks you might bump carts with in the grocery store. People so ordinary, in fact, that when the unexplainable rips apart their lives, when demons destroy their reputations and attack their children, you begin to wonder if the same thing could happen to you, too. "The story arc grabbed a hold of me and did not let go till the end. Well, actually, it has not let go 'cause I am ready to pick up the next book and pick up where this one left off." -- Leah SP "It's good vs. evil in the vein of Stephen King's The Stand. People are doing their normal thing - good, bad or indifferent - and all of a sudden it goes sideways. There were characters I cheered for, cried for, held my breath for - and some I was trying to think up ways to help get rid of." -- Renee Alice "The book itself is kind of a cross between King's "It" and his "The Stand" but with Ninie's special touch. She has a way of drawing the reader into her world, making them a part of the story. She makes you feel as though you really know the people she creates. They come alive on the page for me with a reality that few authors can match...and yes, I'm including the "Main-Stream/New York Times Best Seller Author List!" -- The Old Guy "This book is as good or better than many of Stephen King's books. Ms Hammon has excelled with a dark supernatural story, that grows in intensity from the first page and is wrapped up by the last page. " -- Kotuku "The Knowing" currently resides in the Top Ten in the last ten years I have read right alongside such books as "Unbroken" and "The Jakarta Pandemic". This book is one I have already strongly suggested my closest friends queue for their next read or... stop the boring book they are currently reading and replace it immediately with "The Knowing"! -- Dr. Thomas C. Mohler If you enjoy a fast-paced, suspense-filled story so gripping you'll decide the dirty dishes aren't going anywhere and the car will survive one more day without an oil change, The Knowing is the book for you.

Home Grown Jan 18 2021 Kidnapping. Murder. Grass-roots justice. When her father is shot down on the street in front of his office, college journalism professor Sarabeth Bingham abandons academia to take over the weekly newspaper he left behind. She soon discovers marijuana-growing has corrupted the idyllic little Kentucky town where she grew up. Just as selling booze during Prohibition built organized crime empires, the easy riches of dope-growing has bred evil and greed like a fly breeds maggots. But when kidnapping and brutal murder rock the community, Sarabeth declares war on the marijuana-growing industry in a blazing front-page editorial. Now, the growers have to shut her up—fast, before she brings the feds down on them. And the meanest dog in the dope-growing junkyard knows just how to do it. *Home Grown* is a fictional account of the real Cornbread Mafia that sprung up in picturesque Marion County, Kentucky, and grew into the largest illegal marijuana-growing operation in U.S. history. Fire In The Hole Aug 25 2021 Family loyalties and deadly feuds are brought to life in Ninie Hammon's new intergenerational romp through the history of The Cornbread Mafia in rural Kentucky. Nobody remembers anymore who started the generations-old feud between the two families of moonshiners and bootleggers. But in 1933 a carload of McCluskys ambushed a carload of Hannackers and six people died. The families would have turned the Kentucky hills scarlet with Hannacker and McClusky blood if four women hadn't ended the war before it began. Their "Crow's Pledge" stopped the killing, but the hatred lived on. When the county's National Guard unit is called up thirty-five years later, the Hannackers and McCluskys take their feud to Vietnam with them. It's possible that some of the soldiers who came home in black body bags weren't killed by the Viet Cong. After discovering marijuana during the war, both families are determined to grow it in the States, setting them at odds again. But there's no Crow's Pledge to stop the bloodshed this time. *Fire In The Hole* is the first book in Ninie Hammon's new Cornbread Mafia series, a fictionalized retelling of the real Cornbread Mafia that sprung up in picturesque Marion County, Kentucky, and grew into the largest illegal marijuana-growing operation in U.S. history.
