**Your Cat: The Owner's Manual** May 10 2020 Dr. Marty Becker has become known as "America's Veterinarian" because of his educational and entertaining shows and columns. For more than ten years, Dr. Becker has been the popular veterinary contributor to ABC-TV's Good Morning America and is now a member of Core Team Oz on Dr. Mehmet Oz's show. Dr. Becker will help owners solve problems and enhance their bond with their cats through a tip-filled book on everything from finding the right cat to preventing health problems and bad behavior. He will start owners off on the right foot, whether they buy a kitten or adopt an older cat, showing them how to solve the most annoying behavior and cat-care problems--from scratching furniture to not using the litter-box. (Surprising fact: did you know that black cats shed more than light-colored cats?) And he advises owners how to make their own cat toys, and how to save money on medication, both traditional and alternative.

20th Century Britain Oct 15 2020 Written by leading international scholars, Twentieth Century Britain investigates key moments, themes and identities in the past century. Engaging with cutting-edge research and debate, the essays in the volume combine discussion of the major issues currently preoccupying historians of the twentieth century with clear guidance on new directions in the theories and methodologies of modern British social, cultural and economic history. Divided into three, the first section of the book addresses key concepts historians use to think about the century, notably, class, gender and national identity. Organised chronologically, the book then explores topical thematic issues, such as multicultural Britain, religion and citizenship. Representing changes in the field, some chapters represent more recent fields of historical inquiry, such as modernity and sexuality.

**100 Cats Who Changed Civilization** Aug 13 2020 100 Cats Who Made a Difference If you don't believe that one cat has the power to alter civilization, then you've obviously never heard of Tibbles (p. 12), the cat who single-handedly wiped out an entire species. Or Ahmedabad (p. 61), a Siamese kitten who sparked riots throughout Pakistan. Or Snowball (p. 14), the cat who helped to convict dozens of murderers and criminals. Or Felix (p. 155), the first cat to explore outer space. These are just four of the 100 Cats Who Changed Civilization, and this book honors their extra-ordinary contributions to science, history, art, government, religion, and more. You'll meet a cat who filed a lawsuit (p. 66) and a cat who was slapped with a restraining order (p. 75). You'll meet cats who have inspired great works of literature (p. 90) and classical music (p. 102). You'll even meet a cat who telephoned the police to save the life of his owner (p. 162). These beautifully illustrated true stories are a tribute to the intelligence, bravery, and loving nature of cats all over the world.

**How to Restore Your Chevy Truck: 1967-1972** Jul 12 2020 Learn to fully repair and restore Chevrolet's most popular truck in this long-awaited new restoration guide. When Chevy released its second-generation C/K pickup trucks, dubbed the "Action Line," it was apparent that many changes over the previous generation had been employed. Not only did the truck have a simpler, more clean-cut look but this was also the beginning of an era where modern creature comforts that we often take for granted started appearing into the good old Chevy workhorse. Power steering, power brakes, more powerful engines, a smoother riding coil rear suspension, automatic transmissions, and independent front suspension all led to what was the most drivable of any Chevy trucks to this point. Back then and today, this generation of Chevy truck is almost universally considered the most popular. Aftermarket parts availability and auction prices support that assertion. In *How to Restore Your Chevy Truck: 1967-1972*, veteran author Kevin Whipps shows you how to inspect, assess, and accurately budget your restoration project. You are then taken through each major portion of truck restoration, including the engine, suspension, chassis, bodywork, paint, brakes, steering, transmission, driveline, electrical system, interior, and more. Each section shows practical, real world repair and restoration in general and step-by-step formats. After all of these years of hard use and exposure to harsh conditions, most of these trucks are in need of some serious work. Chevy/GMC trucks are extremely popular as stock restorations, fast street trucks, and off-road-duty trucks. But before you can build a specialty truck, you need to have a solid, reliable, restored truck. This book provides the invaluable information and step-by-step instruction to return these trucks to their original glory.
