Recognizing the showing off ways to acquire this books **Igcse Hodder Education Chemistry Answers** is additionally useful. You have remained in right site to start getting this info. acquire the Igcse Hodder Education Chemistry Answers associate that we have enough money here and check out the link.

You could purchase lead Igcse Hodder Education Chemistry Answers or acquire it as soon as feasible. You could speedily download this Igcse Hodder Education Chemistry Answers after getting deal. So, in the same way as you require the ebook swiftly, you can straight acquire it. Its appropriately extremely simple and suitably fats, isnt it? You have to favor to in this melody

AQA A Level Physics (Year 1 and Year 2) Aug 25 2019 Expand and challenge your knowledge and understanding of Physics with this updated, all-in-one textbook for Years 1 and 2 that builds mathematical skills and provides practical assessment guidance. Written for the AQA A-level Physics specification, this revised textbook will: - Offer support for the mathematical requirements of the course with worked examples of calculations and a dedicated 'Maths in physics' chapter. - Measure progress and assess learning throughout the course with 'Test yourself' and 'Stretch and challenge' questions. - Support all 12 required practicals with applications, worked examples and activities included in each chapter. - Develop understanding with free online access to 'Test yourself' answers and 'Practice' question answers*.

Cambridge International AS and A Level Chemistry Coursebook with CD-ROM Dec 30 2019 Fully revised and updated content matching the Cambridge International AS & A Level Chemistry syllabus (9701). Endorsed by Cambridge International Examinations, the Second edition of the AS/A Level Chemistry Coursebook comprehensively covers all the knowledge and skills students need for AS/A Level Chemistry 9701 (first examination 2016). Written by renowned experts in Chemistry, the text is written in an accessible style with international learners in mind. The Coursebook is easy to navigate with colour-coded sections to differentiate between AS and A Level content. Self-assessment questions allow learners to track their progression and exam-style questions help learners to prepare thoroughly for their examinations. Contemporary contexts and applications are discussed throughout enhancing the relevance and interest for learners.

All about Chemistry: Structured and Free-Response Questions W/o Oct 08 2020

Cambridge International AS & A Level Chemistry Student's Book Second Edition Feb 21 2022 This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2022. Confidently navigate the updated Cambridge International AS & A Level Chemistry (9701) syllabus with a structured approach ensuring that the link between theory and practice is consolidated, scientific skills are applied, and analytical skills developed. - Enable students to monitor and build progress with short 'self-assessment' questions throughout the student text, with answers at the back of the book, so students can check their understanding as they work their way through the chapters. - Build scientific communication skills and vocabulary in written responses with a variety of exam-style questions. - Encourage understanding of historical context and scientific applications with extension boxes in the student text. - Have confidence that lessons cover the syllabus completely with a free Scheme of Work available online. - Provide additional practice with the accompanying write-in Practical Skills Workbooks, which once completed, can also be used to recap learning for revision.

Teaching Secondary Chemistry Jul 17 2021 This book will provide invaluable support whether you are a newly-qualified science teacher, an experience teacher of chemistry who wants to extend the range of strategies and approached used, a biologist or physicist who has to teach chemistry, or a student training to be a teacher. Each chapter covers a broad section of the curriculum and is divided into topics. For each topic the book covers: - The pupil's possible Previous knowledge - A suggested Teaching sequence with activities necessary to cover the basic physics - Warnings about pupils' misconceptions, common problems with individual activities and safety issues - Further activities that develop the pupils' understanding of the topic - Enhancement ideas that relate the science to everyday contexts and provide new ideas for experienced teachers - Suggestions for using ICT TThis second edition reflects the requirements of current secondary science curricula, ideas from recent curriculum development projects and innovations in IT. This book draws on the experience of a wide range of teachers and those involved in science education. It has been produced as part of the Association for Science Education's commitment to supporting science teacher by disseminating best practice and new ideas to enhance teaching.

AQA Chemistry, Level A Jul 25 2019 Help students to apply and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout. - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries

Certificate Chemistry Apr 13 2021 Certificate Chemistry is the tried and tested title that follows a traditional approach to teaching chemistry.

[Edexcel A Level Chemistry Student Book 1](#) Mar 25 2022 Exam Board: Edexcel Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2016 Endorsed by Edexcel Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 1 student book - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers and an Extended Glossary. Edexcel A level Chemistry Year 1 Student Book includes AS level.

Cambridge Igcse Chemistry Laboratory Jan 29 2020 Improve your students' scientific skills and report writing with achievable experiments and simple structured guidance. This Laboratory Practical Book supports the teaching and learning of the practical assessment element of the Cambridge IGCSE Chemistry Syllabus. Using this book, students will interpret and evaluate experimental observations and data. They will also plan investigations, evaluate methods and suggest possible improvements. - Demonstrates the essential techniques, apparatus, and materials that students require to become accomplished scientists - Improves the quality of written work with guidance, prompts and experiment writing frames - Develops experimental skills and abilities through a series of investigations - Prepares students for the Practical paper or the Alternative, with past exam questions Answers are available on the Teacher's CD: <http://www.hoddereducation.co.uk/Product?Product=9781444196290> This title has not been through the Cambridge International endorsement process.

OCR A level Chemistry Student Jul 29 2022 This is an OCR endorsed resource Stretch and challenge your students' knowledge and understanding of Chemistry, build their mathematical and practical skills, and provide plenty of assessment guidance with this OCR Year 1 Student Book. - Build understanding with a summary of prior knowledge and diagnostic questions at the start of each chapter to help bring students up to speed - Support practical assessment with Practical Skill summaries that help develop your students' knowledge and skills - Test understanding and provide plenty of practice to assess progression, with Test Yourself Questions and multiple choice questions - Provide mathematical support with examples of method integrated throughout and a dedicated 'Maths in Chemistry' chapter - Develop understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries OCR A Level Chemistry Student Book 1 includes AS Level

Further Advanced Chemistry Oct 27 2019 The second of two texts written specifically to cover A-Level specifications for chemistry, this volume includes chapters on: kinetics, thermodynamics, aldehydes and ketones, aromatic chemistry and polymers.

Cambridge International AS and A Level Chemistry Jun 27 2022 Endorsed by Cambridge Assessment International Education for full syllabus coverage Foster a deeper understanding of theoretical concepts through clear guidance and opportunities for self-assessment throughout; covers the entire Cambridge International AS & A Level Chemistry syllabus (9701). - Navigate the different routes through the course with ease with clearly divided sections for AS and A Level. - Focus learning with learning outcomes clearly defined at the beginning of each section - Test knowledge and understanding with past paper and exam-style questions - Address the Key Concepts in the syllabus, which are clearly highlighted throughout the course The Revision and Practice CD included with every Student's Book provides interactive tests, summaries of each topic and advice on examination techniques.

Chemistry for the IB MYP 4 & 5 Jun 15 2021 The only series for MYP 4 and 5 developed exclusively with the IB Drive meaningful inquiry through a unique concept-driven narrative. - Supports every aspect of assessment with opportunities that use the criteria - Gives you easy ways to differentiate and extend learning - Provides a meaningful approach by integrating the inquiry statement in a global context - Develops critical-thinking skills with activities and summative sections rooted in the ATL framework This title is also available in two digital formats via Dynamic Learning. Find out more by clicking on the links at the top of the page.

Hodder Science Nov 08 2020 Matched to the QCA Scheme of Work and Hodder Science Pupil's Book A, the paperback version provides a whole year's worth of homework in one neat package. The homework activities cover a range of styles of activities including Sc1 and are provided in a write-on format. NC Levels and Marks are provided on each activity to help ease the marking burden. All answers can be found on the Hodder Science website free to download. The activities are aimed at Mainstream level; for the lower level a Gold version is available. The paperback provides all the material in a single black and white book. A CD-ROM version is also available, providing all the same activities in Word format to either type in or print off. Sold in packs of ten the paperbacks provide a cost effective way of providing homework to pupils and reduces photocopying costs. To order an inspection copy please refer to ISBN 0340 888261.

AQA Chemistry: A Level Sep 26 2019 Please note this title is suitable for any student studying: Exam Board: AQA Level: A Level Subject: Chemistry First teaching: September 2015 First exams: June 2017 Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course whilst delivering the maths, practical and synoptic skills needed to succeed in the new A Levels and beyond. The book uses clear straightforward explanations to develop real subject knowledge and allow students to link ideas together, while developing essential exam skills.

Edexcel International GCSE Chemistry Student Book Second Edition May 27 2022 Exam Board: Edexcel Level: IGCSE Subject: Science First Teaching: September 2017 First Exam: June 2019 Develop your students' scientific thinking and practical skills with this second edition, fully updated to match the new 2017 specifications. - Build students' confidence with in-depth yet accessible scientific content - Test understanding with study questions throughout the book - Prepare students for the exam with sample answers and expert comments plus exam-style questions for every section - Build practical skills with coverage of all required practicals plus further suggested experiments - Develop mathematical skills with maths explanations and questions throughout - Challenge higher ability students with extend and challenge activities - Answers to all activities freely available online

AQA A Level Chemistry Student Sep 30 2022 AQA Approved Help students to apply and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries AQA A-level Chemistry Year 1 includes AS-level.

Aqa a Level Chemistry Year 1 Student Book Aug 06 2020 Help students to apply and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries AQA A-level Chemistry Year 1 includes AS-level

CCEA GCSE Chemistry Sep 06 2020 Build your students' scientific thinking and practical skills with this textbook developed specifically for the 2017 GCSE specifications and from the No. 1 publisher for CCEA GCSE Science. - Develop understanding with clear Examples, Tips and Practical activities. - Prepare students for assessment with Test Yourself questions, Maths practice and Exam-style questions throughout. - Provides everything you need for GCSE Chemistry and the Chemistry content of GCSE Double Award Science. - Supports Foundation and Higher-tier students in one book.

Edexcel A Level Chemistry Student Nov 01 2022 Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 2 student book. - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book. - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries

Edexcel a Level Chemistry Year 1 Student Book Mar 01 2020 Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 1 student book - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Edexcel A level Chemistry Year 1 Student Book includes AS level

Cambridge IGCSE Chemistry Study and Revision Guide Feb 09 2021 Providing guidance that helps students practice and troubleshoot their exam technique, these books send them into their exam with the confidence to aim for the best grades. - Enables students to avoid common misconceptions and mistakes by highlighting them throughout - Builds students' skills constructing and writing answers as they progress through a range of practice questions - Allows students to mark their own responses and easily identify areas for improvement using the answers in the back of the book - Helps students target their revision and focus on important concepts and skills with key objectives at the beginning of every chapter - Ensures that students maximise their time in the exam by including examiner's tips and suggestions on how to approach the questions This title has not been through the Cambridge International Examinations endorsement process.

Pearson Edexcel A Level Chemistry (Year 1 and Year 2) Jan 23 2022 Develop and assess your students' knowledge and skills throughout A level with worked examples, practical assessment guidance and differentiated end of topic questions in this updated, all-in-one textbook for Years 1 and 2. Combining everything your students need to know for the Pearson Edexcel A level Chemistry specification, this revised textbook will: - Identify the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Student Book. - Provide support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement. - Improve mathematical skills with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem. - Offer plenty of practice with 'Test yourself' questions to help students assess their understanding and measure progress. - Encourage further reading and study with short passages of extension material. - Develop understanding with free online access to 'Test yourself' answers and an extended glossary.

OCR A-level Chemistry Student Guide: Practical Chemistry Sep 18 2021 Ensure your students get to grips with the core practicals and develop the skills needed to succeed with an in-depth assessment-driven approach that builds and reinforces understanding; clear summaries of practical work with sample questions and answers help to improve exam technique in order to achieve higher grades. Written by experienced teacher Nora Henry, this Student Guide for practical Chemistry: - Help students easily identify what they need to know with a concise summary of required practical work examined in the A-level specifications. - Consolidate understanding of practical work, methodology, mathematical and other skills out of the laboratory with exam tips and knowledge check questions, with answers in the back of the book. - Provide plenty of opportunities for students to improve exam technique with sample answers, examiners tips and exam-style questions. - Offer support beyond the Student books with coverage of methodologies and generic practical skills not focused on in the textbooks.

National 4 Chemistry May 15 2021 This book is a comprehensive resource for pupils studying National 4 Chemistry which adheres closely to the SQA syllabus. Each section of the book matches a mandatory unit of the syllabus, and each chapter corresponds to a key area. In addition to the core text, the book contains a variety of special

features: · Activities to consolidate learning and help in preparing for the Added Value Unit · Worked examples to demonstrate key processes · In-text questions to test knowledge and understanding · End-of-chapter questions for homework and assessment · Summaries of key facts and concepts · Answer section at the back of the book
Chemistry for the IB Diploma Study and Revision Guide Jan 11 2021 Exam Board: IB Level: IB Subject: Chemistry First Teaching: September 2014 First Exam: Summer 2016 Stretch your students to achieve their best grade with these year round course companions; providing clear and concise explanations of all syllabus requirements and topics, and practice questions to support and strengthen learning. - Consolidate revision and support learning with a range of exam practice questions and concise and accessible revision notes - Practise exam technique with tips and trusted guidance from examiners on how to tackle questions - Focus revision with key terms and definitions listed for each topic/sub topic

My Revision Notes: Edexcel A Level Chemistry Dec 22 2021 Exam Board: Edexcel Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2017 With My Revision Notes you can: - Manage your own revision with step-by-step support from experienced teacher and examiner George Facer - Apply biological terms accurately with the help of definitions and key words - Plan and pace your revision with the revision planner - Test understanding with questions throughout the book - Get exam ready with last minute quick quizzes available on the Hodder Education website

Edexcel GCSE (9-1) Chemistry Student Book Jun 23 2019 Series Editor: Mark Levesley Pearson's resources are designed to be simple, inclusive and inspiring and to support students in studying for Edexcel GCSE (9-1) Chemistry.

Internal Assessment for Chemistry for the IB Diploma: Skills for Success Jun 03 2020 Aim for the best Internal Assessment grade with this year-round companion, full of advice and guidance from an experienced IB Diploma Chemistry teacher. - Build your skills for the Individual Investigation with prescribed practicals supported by detailed examiner advice, expert tips and common mistakes to avoid. - Improve your confidence by analysing and practicing the practical skills required, with comprehension checks throughout. - Prepare for the Internal Assessment report through exemplars, worked answers and commentary. - Navigate the IB requirements with clear, concise explanations including advice on assessment objectives and rules on academic honesty. - Develop fully rounded and responsible learning with explicit reference to the IB learner profile and ATLs.

OCR A Level Chemistry Student Book 2 Apr 25 2022 Exam Board: OCR Level: A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2017 This is an OCR endorsed resource Stretch and challenge your students' knowledge and understanding of Chemistry, build their mathematical and practical skills, and provide plenty of assessment guidance with this OCR Year 2 Student Book. - Build understanding with a summary of prior knowledge and diagnostic questions at the start of each chapter to help bring students up to speed - Support practical assessment with Practical Skill summaries that help develop your students' knowledge and skills - Test understanding and provide plenty of practice to assess progression, with Test Yourself Questions and multiple choice questions - Provide mathematical support with examples of method integrated throughout and a dedicated 'Maths in Chemistry' chapter - Develop understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries

IGCSE Chemistry Jul 05 2020 This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This new edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and extended curriculum topics specified in the IGCSE Chemistry syllabus. The book is supported by a CD-ROM containing extensive revision and exam practice questions, background information and reference material.

AQA A Level Chemistry Student Aug 30 2022 AQA Approved Help students to apply and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout. - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries

Aiming for an A in A-level Chemistry May 03 2020 Exam Board: AQA, Edexcel, CCEA, OCR, WJEC Eduqas Level: A-level Subject: Chemistry First teaching: September 2015 First exams: Summer 2017 Master the skills you need to set yourself apart and hit the highest grades; this year-round course companion develops the higher-order thinking skills that top-achieving students possess, providing step-by-step guidance, examples and tips for getting an A grade. Written by experienced author and teacher Sarah Longshaw, *Aiming for an A in A-level Chemistry*: - Helps you develop the 'A grade skills' of analysis, evaluation, creation and application - Takes you step by step through specific skills you need to master in A-level Chemistry, including scientific reading, quantitative and practical skills, so you can apply these skills and approach each exam question as an A/A* candidate - Clearly shows how to move up the grades with sample responses annotated to highlight the key features of A/A* answers - Helps you practise to achieve the levels expected of top-performing students, using in-class or homework activities and further reading tasks that stretch towards university-level study - Perfects exam technique through practical tips and examples of common pitfalls to avoid - Cultivates effective revision habits for success, with tips and strategies for producing and using revision resources - Supports all exam boards, outlining the Assessment Objectives for reaching the higher levels under the AQA, Edexcel, OCR, WJEC/Eduqas and CCEA specifications.

AQA A Level Chemistry (Year 1 and Year 2) Oct 20 2021 Develop and learn to apply your knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support in this updated, all-in-one textbook for Years 1 and 2. Written for the AQA A-level Chemistry specification, this revised textbook will: - Provide support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry. - Offer detailed examples to help you get to grips with difficult concepts such as physical chemistry calculations. - Helps to improve mathematical skills with support throughout, examples of method and a dedicated 'Maths for chemistry' chapter. - Allow you to easily measure progression with differentiated end-of-topic questions and 'Test yourself' questions. - Develop understanding with free online access to 'Test yourself' answers, 'Practice' question answers and extended glossaries*.

CCEA GCSE Chemistry Workbook Nov 20 2021

AQA GCSE (9-1) Chemistry Student Book Mar 13 2021 AQA approved. Expand and challenge your students' knowledge and understanding of Chemistry with this textbook that guides students through each topic, the 8 required practical activities and assessment requirements of the new 2016 AQA GCSE Chemistry specification. - Provides support for all 8 required practicals, along with extra tasks for broader learning - Tests understanding and consolidate learning with Test Yourself questions, Show you Can challenges, Chapter review questions and synoptic practice questions - Supports Foundation and Higher tier students, with Higher tier-only content clearly marked - Builds Literacy skills for the new specification with key words highlighted and practice extended answer writing and spelling/vocabulary tests

AQA A-Level Chemistry Workbook 1: Year 1 Dec 10 2020

National 5 Chemistry Nov 28 2019 A full course textbook for the new National 5 Chemistry syllabus, endorsed by SQA! This book is designed to act as a valuable resource for pupils studying National 5 Chemistry. It provides a core text which adheres closely to the SQA syllabus, with each section of the book matching a unit of the syllabus, and each chapter corresponding to a content area. It is an ideal - and comprehensive - teaching and learning resource for National 5 Chemistry. In addition to the core text, the book contains a variety of special features: For Interest, Key Terms, Activities, Worked Examples, Questions, Prescribed Practical Activities, Summary, and Checklist for Revision. - The only textbook for the National 5 Chemistry syllabus offered by SQA, as examined 2014 onwards - Bestselling author team, with extremely high reputation for Scottish Chemistry titles - Full colour presentation and motivating text design to encourage student enthusiasm

Cambridge IGCSE Chemistry Workbook Apr 01 2020 The new Third Edition matches the requirements of the revised Cambridge IGCSE Chemistry syllabus (0620).

George Facer's Edexcel A Level Chemistry Student Book 1 Aug 18 2021 Exam Board: Edexcel Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2016 Help higher achieving students to maximise their potential, with a focus on independent learning, assessment advice and model assessment answers in this new edition of George Facer's best-selling textbook. - Encourages independent learning with notes and clear explanations throughout the content - Strengthens understanding with worked examples of chemical equations and calculations - Stretches the students with a bank of questions at the end of each chapter - Provides assessment guidance and sample answers
