The Real Name of God Aug 18 2021 Reveals the real, whole name of God and its place within each of us • Explains how none of the God-names commonly used in the Bible is God's real name • Shows how the real name of God unites all religions from both West and East • Includes spiritual techniques, prayers, poems, and meditative chants to bring each of us into deep, personal, intimate, living relationship with God Of the many names of God commonly used in the Bible and other sacred literature, none is God's real name. Every God-name, including YHWH, reflects only one of God's many aspects, such as the loving creator, the militaristic authoritarian, or the all-knowing judge. None embodies the wholeness, the totality, the full Essence of God. Who then are we to speak to when we seek God? If you can't truly know something until you know its name, how can we truly know God? The culmination of years of translation research and etymological investigation, Rabbi Wayne Dosick's work digs through many layers of presumption and deeply ingrained beliefs to reveal the real name of God hiding in plain sight in the Bible: Anochi. He shows how this sacred name unites all religions--both of the West and the East. The name Anochi

enables us to finally meet the whole, complete, real God--both the grand God of the vast universe and the God of breath, soul, and heart who dwells within each of us. This in-depth exploration of God's name includes spiritual techniques, poems, guided prayers, and meditative chants to bring each of us into personal, intimate, and purposeful relationship with God. By knowing the real name of God, we can affirm the connection to the Divine at the core of our being. We can touch the face of God that resides deep within us all.

The Art and Science of Training Nov 20 2021 There are more similarities than differences between how artists and scientists work. Both ask countless questions. Both search in earnest for answers. Both are dedicated to reaching the best results. Not so different from today's trainers, are they? Elaine Biech, one of the most highly regarded names in talent development, has set out to identify the perfect blend of content mastery and audience insight. The result is this highly informative book. *The Art and Science of Training* presents the science for learning and development, but it also emphasizes that training success lies in knowing what to do when things don't go as planned. Discover how top facilitators always put learners first, even when faced with exceptions to the rule--the unwilling learner, the uninformed supervisor, the inappropriate delivery medium, or the unmanageable performance challenge. And learn why you must understand people, not only content, to ensure consistently exceptional learning experiences. Science is both a body of knowledge and a process. Art is the expression of creativity and imagination. Where they intersect is the best way to help others learn and grow.

Cross-Cultural Filmmaking Jul 29 2022 This extraordinary handbook was inspired by the distinctive concerns of anthropologists and others who film people in

the field. The authors cover the practical, technical, and theoretical aspects of filming, from fundraising to exhibition, in lucid and complete detail—information never before assembled in one place. The first section discusses filmmaking styles and the assumptions that frequently hide unacknowledged behind them, as well as the practical and ethical issues involved in moving from fieldwork to filmmaking. The second section concisely and clearly explains the technical aspects, including how to select and use equipment, how to shoot film and video, and the reasons for choosing one or the other, and how to record sound. Finally, the third section outlines the entire process of filmmaking: preproduction, production, postproduction, and distribution. Filled with useful illustrations and covering documentary and ethnographic filmmaking of all kinds, *Cross-Cultural Filmmaking* will be as essential to the anthropologist or independent documentarian on location as to the student in the classroom.

An EasyGuide to APA Style Dec 10 2020 This clear and concise book is designed to demystify the process of writing in APA style and format. With precise examples (both writing examples and Microsoft Word screenshots), *An EasyGuide to APA Style 2e* points out common APA style and formatting mistakes and how to avoid them. The book also provides an overview of the style and formatting changes for the 6th edition of the APA Publication Manual, providing detailed examples and complete sample student papers written to conform to APA format. The authors illustrate not only how to write using APA style, but also what writing in APA style really looks like when your paper is complete. Written in a conversational and clear style, this guide will help anyone find their way through the maze of rules in the APA Publication Manual and become proficient in learning the fine points of APA style. The second edition of the *EasyGuide* contains additional writing tips and expanded discussions in each chapter. In particular, chapter 5 on plagiarism has been expanded to include more detail on topics like when and how to paraphrase appropriately and when to quote directly from a source. Also, the new edition provides examples from the latest version of Microsoft Word, Word 2010.

Fundamentals of Management Jun 15 2021 Along with current management theory and practice, the texts integrate coverage of social media and new technology throughout. This fifth edition includes new emphases on Entrepreneurship and Innovation, a growing area of importance and interest in management studies and the foregrounding of management as an Integrative Practice. There will be linkages of topics within and across chapters, reflective of management as it occurs. There will also be a continued emphasis on environmental issues and sustainability.

Life Among the Aryans Dec 30 2019 America's greatest living writer returns with a hilarious, scathing satire of the MAGA mindset. The controversial new play from Ishmael Reed, *Life Among the Aryans* follows John Shaw and Michael Mulvaney, two modern MAGA white supremacists as they leech off their wives, take orders from grifting Leader Matthews, and plot a unique way around the encroaching societal progress they fear will leave them in the dust. Full of page-turning dialogue, unexpected twists and hilarious asides, this is the latest urgent must-read from the greatest living American writer. Originally performed at the Nuyorican Poets Cafe, *Life Among the Aryans* has only grown in relevance, as the violence in Washington D.C. and state capitals around the country shines a light on the persistent unrest among a certain kind of American. A perfect counterpart to last year's *The Haunting of Lin-Manuel Miranda*, in which Reed investigated the darkness at the heart of Obama-era liberal piety, *Life Among the Aryans* is a searing, hopeful and above all joyous investigation of what it meant to live through the last four years (and what will come next).

The Camera Assistant May 27 2022 Veteran camera assistant Doug Hart describes in this comprehensive technical guide all of the important facets and duties of the first and second camera assistants' jobs. Whether it is feature films, episodic television, documentaries, commercials, or music videos, *The Camera Assistant: A Complete Professional Handbook* explains both the practice and theory behind it with a concentration on technique rather than equipment. In addition, personal anecdotes from the author's years behind and beside the camera provide insight into this demanding field. Key topics include film formats and aspect ratios, testing lenses and camera equipment, focus theory, film loading and labeling, scene blocking, marking actors, shooting tips, slating, paperwork, equipment maintenance, set etiquette, and finding work. This is not a camera equipment handbook; it is a comprehensive procedures manual which describes and explains the most important responsibilities of the camera assistant on the set, the theory behind the practice, and the methods that get the job

done properly and keep the assistant frequently employed. Douglas C. Hart has been a freelance first-camera assistant on feature films, documentaries, television shows, and commercials for more than 20 years, including 10 years (and 10 films) as first-camera assistant to Gordon Willis, ASC, as well as work in 42 states and 26 foreign countries. His work includes Presumed Innocent, Hannah and Her Sisters, The Cosby Mysteries, and CBS's Central Park West. He is a member and former president of the International Photographers Local 644, IATSE, and teaches the Camera Assistant Workshops at the International Film and Television Workshops in Rockport, Maine.

Tennessee Treasures Feb 21 2022 Martha Mier's Tennessee Treasures takes a musical journey to three different cities across the state of Tennessee. Written in three movements, it begins in Memphis. "Down on Beale Street" is a slow, bluesy piece that celebrates the musical heritage of one of the most famous streets in that city. Nashville, the home of country music, is highlighted in "Ballad for Nashville," a lyrical country waltz. The final movement, "Sunrise in the Great Smoky Mountains," visits the eastern part of the state and the city of Knoxville. The broad grandeur of the mountains is evoked through big chords, arpeggios, and a sweeping melodic line, providing a fitting close to the suite.
