The Tales We Tell May 15 2021 The 1990s have seen a renaissance in short fiction studies. This book brings together the opinions, theories, and research of many of today's best-known short story writers, theorists, and critics. It includes essays by leading authors, such as Joyce Carol Oates, John Barth, Robert Coover, Leslie Marmon Silko, Barry Hannah, Gay Talese, and W. P. Kinsella, who reflect on the writing process. The volume traces the origins of the short story back to Chaucer and follows the development of the form through today's "hyper-stories" created interactively in cyberspace. The broad scope of the book covers short stories from around the world, including those from Africa, Australia, Great Britain, Canada, New Zealand, and the United States.

Edgar Allan Poe and the Masses Nov 28 2019 Edgar Allan Poe has long been viewed as an artist who was hopelessly out of step with his time. But as Terence Whalen shows, America's most celebrated romantic outcast was in many ways the nation's most representative commercial writer. Whalen explores the antebellum literary environment in which Poe worked, an environment marked by economic conflict, political strife, and widespread foreboding over the rise of a mass audience. The book shows that the publishing industry, far from being a passive backdrop to writing, threatened to dominate all aspects of literary creation. Faced with financial hardship, Poe desperately sought to escape what he called "the magazine prison-house" and "the horrid laws of political economy." By placing Poe firmly in economic context, Whalen unfolds a new account of the relationship between literature and capitalism in an age of momentous social change. The book combines pathbreaking historical research with innovative literary theory. It includes the first fully-documented account of Poe's response to American slavery and the first exposé of his plot to falsify circulation figures. Whalen also provides a new explanation of Poe's ambivalence toward nationalism and exploration, a detailed inquiry into the conflict between cryptography and common knowledge, and a general theory of Poe's experiments with new literary forms such as the detective story. Finally, Whalen shows how these experiments are directly linked to the dawn of the information age. This book redefines Poe's place in American literature and casts new light on the emergence of a national culture before the Civil War.

The Greatest Short Stories of Edgar Allan Poe Apr 01 2020 *The Tell-Tale Heart* (1843) is a short story told by an unnamed narrator who endeavors to convince the reader of his sanity, while describing a murder he committed. The murder is carefully calculated, and the murderer hides the body by dismembering it and hiding it under the floorboards. *Fall of the House of Usher* (1839) As in all of Poe's short stories, "The Fall of the House of Usher" concentrates on a "single effect", in this case, the degeneration and decay of the Usher house and family. *The Cask of Amontillado* (1846) The story is set in a nameless Italian city in an unspecified year and is about the narrator's deadly revenge on a friend who, he believes, has insulted him. The narrative revolves around a person being buried alive—in this case, by immurement. *The Pit and the Pendulum* (1842) The short story is about the torments endured by a prisoner of the Spanish Inquisition, though Poe skews historical facts. The narrator of the story describes his experience of being tortured. The story is especially effective at inspiring fear in the reader because of its heavy focus on the senses, such as sound, emphasizing its reality, unlike many of Poe's stories which are aided by the supernatural. *The Tell-Tale Heart* (1843) It is told by an unnamed narrator who endeavors to convince the reader of his sanity, while describing a murder he committed. The murder is carefully calculated, and the murderer hides the body by dismembering it and hiding it under the floorboards. Edgar Allan Poe (1809–1849) was an American writer, editor, and literary critic. Poe is best known for his poetry and short stories, particularly his tales of mystery and the macabre.

Classroom Strategies for Interactive Learning, 4th Edition Sep 18 2021 Educators across content areas have turned to *Classroom Strategies for Interactive Learning* for almost two decades. This fully updated fourth edition delivers rich, practical, research-based strategies that readers have found invaluable in the context of today's classrooms. Doug has written all-new chapters that focus on the instructional shifts taking place as the Common Core State Standards are implemented across the United States. These introductory chapters will help you do the following: Understand the research base for comprehension strategies in content classrooms Learn how to tap into students' background knowledge to enhance comprehension of complex texts and build new knowledge Show learners how to question a text Teach reading and thinking through a disciplinary lens At the heart of this edition are more than forty classroom strategies, with variations and strategy indexes that

identify the instructional focus of each strategy, pinpoint the text frames in play as students read and learn, and correlate students' comprehension processes across the phases of strategy implementation. In addition, each strategy is cross-referenced with the Common Core's reading, writing, speaking/listening, and language standards.
