Run the Storm Jul 24 2021 In the bestselling tradition of *The Perfect Storm* and *The Finest Hours*, "an exquisitely written and dramatic book...a literary page-turner" (Doug Stanton, #1 New York Times bestselling author of *Horse Soldiers*)—the 2015 mysterious disappearance of the SS El Faro, a gigantic American cargo ship that sank in the Bermuda Triangle, taking with it thirty-three lives. On October 1, 2015, the SS El Faro, a massive American cargo ship disappeared in Hurricane Joaquin, a category 4 storm. The ship, its hundreds of shipping containers, and its entire crew plummeted to the bottom of the ocean, three miles down. It was the greatest seagoing US merchant marine shipping disaster since World War II. The massive ship had a seasoned crew, state-of-the-art navigation equipment, and advance warning of the storm. It seemed incomprehensible that such a ship could sink so suddenly. How, in this day and age, could something like this happen? Relying on Coast Guard inquest hearings, as well as on numerous interviews, George Michelsen Foy brings us "the most insightful exploration of this unthinkable disaster" (*Outside*), a story that lasts only a few days, but which grows almost intolerably suspenseful as deep-rooted flaws leading to the disaster inexorably link together and worsen. We see captain, engineers, and crew fight for their lives, and hear their actual words (as recorded on the ship's black box) while the hurricane relentlessly tightens its noose around the ship. We watch, minute by minute, all that is happening on board—the ship's mysterious tilt to one side, worried calls to the engine room, ship-to-shore reports, the courage of the men and women as they fight to survive, and the berserk ocean's savage consumption of the massive hull. And through it all, the pain and ultimate resilience of the families of El Faro's crew. Now with a new afterword, this "tour de force of nautical expertise" (*Ocean Navigator*) is a masterwork of stunning power.

Prophecy of Thol Aug 05 2022 Prophecy of Thol is book 1 of the Thol series, and a Readers' Favorite and earned the silver seal 2018-8-18. Recurring nightmares haunted D'laine Jackson when she woke from an eight-month coma following a tragic accident. Four images were branded in her head: a dark-haired, handsome princely young man, a fierce reptilian monster, a white furry creature whose red eyes implored her with some unspoken message, and an ominous black robot. Now, five years later, D'laine was getting ready to go off to college. During one last shopping trip with her father and brothers for dorm supplies, a blanket of fog rolled out of the sky at Katy Mills Mall in Katy, TX, just west of Houston, in broad daylight in plain sight of dozens of witnesses. When the fog pulled back D'laine was gone. When she woke, her nightmare turned into reality.

Revelations Jun 22 2021 Between the Fourth and Fifth Crusades there occurred a lesser known but important Crusade. The Albigensian Crusade, launched in 1209, was mounted to eliminate the "heretical" Christian Cathars of Occitania in the south of what is now modern-day France. It was a decades-long struggle to extirpate both the Cathars and the independence of southern France. Prior to the fall of Montsegur, the last bastion of the Cathars, on the 12th of March 1244, legend has it that Cathar "treasure" was spirited away from Montsegur. Was it gold, religious artifacts, or perhaps ancient documents of great significance to the Catholic Church? The physical efforts required in surreptitiously removing "treasure" from Montsegur, the mountain top fortress, during a siege by the Pope's army, dictates documents! Questions scream from the corridors of time: What documents prompted a Crusade of Christians against Christians? Who wrote them? What revelations do they contain? What happened to them? And, why and by what means is the Roman Church now attempting to find the parchments? How and why does the trail lead from the Middle East to the Languedoc region of France, to the U.S. Military Academy at West Point, to Oxford University in Great Britain, and finally to Rome where the documents are found in the Vatican's secret archives and translated. Executions of crimes including murder are revealed. Plans for additional murders are revealed and foiled. A plan to stop the probable distribution of the translated documents, if carried out successfully, will change everything.
