I Give Up Nov 05 2022 Most of us long to be in control—of our schedule, our relationships, and our future. Newlywed Laura Story thought she had control over the great life ahead of her. After all, she followed Jesus and had a promising new job as a worship leader. Why would God not want to fulfill her dreams? But when Laura and her husband, Martin, faced a brain tumor, infertility, and a son's birth defect, she realized she'd been looking for a happiness that comes from circumstances, rather than a deeper joy that comes from God. Again and again, Laura had to surrender her vision for her life so she could embrace God's vision. And again and again she learned that even in the midst of shattered dreams, God's plan brought greater joy than she could have imagined. Now the Grammy Award-winning singer-songwriter known for such hits as "Blessings," "Indescribable," and "Mighty to Save" shares her powerful story of finding blessing in her deepest pain. In, I Give Up, Laura explores: How to delight in God's gifts no matter your circumstances. Why waiting on God is a daily decision, not a step-by-step process. The strength we find from meditating on God's Word. Why surrendering to God leads to reconciliation with others. How the things we consider to be losses are

ways for God to display his glory. As Laura writes, she no longer wants to be in control of her life. She wants to be rooted in the God who is in control. I Give Up will help you Discover a deeper life of worship, a fuller life of joy, and a freer life of true surrender as you open your hands to God. And give up.

When Couples Walk Together Mar 05 2020 The demands of everyday life almost always pull

husbands and wives in different directions. And even when they are together, there's very little opportunity to just be a couple. Work, children, and other commitments make it a constant challenge to find quality time alone. Hugh and Cindi McMenemy have put together an innovative devotional about meaningful ways that husbands and wives can draw closer together. Each reading in this 31-day book offers simple, helpful (and fun!) steps a husband and wife can take to nourish closeness and intimacy. Among the topics are the power of a note making a memory extending grace splurging on love finding a getaway lighten the load flirting again sharing your heart Key thoughts from Scripture are interwoven into each devotion, and each ends with "Points to Ponder Together" as well as a couple's prayer. Especially helpful are the frequent anecdotal tips from a woman's perspective (Cindi) and a man's (Hugh).

Manifesto Sep 22 2021 'This honest, engaging memoir shares such gems . . . the perfect read for anyone who dreams big' The Times and Sunday Times, Books of the Year The powerful, urgent memoir and manifesto on never giving up from Booker prize-winning trailblazer, Bernardine Evaristo In 2019, Bernardine Evaristo became the first black woman to win the Booker Prize since its inception fifty years earlier - a revolutionary landmark for Britain. Her journey was a long one, but she made it, and she made history. Manifesto is her intimate and fearless account of how she did it. From a childhood steeped in racism from neighbours, priests and even some white members of her own family, to discovering the arts through her local youth theatre; from stuffing her belongings into bin bags, always on the move between temporary homes, to exploring many romantic partners both toxic and loving, male and female, and eventually finding her soulmate; from setting up Britain's first theatre company for Black women in the eighties to growing into the trailblazing writer, theatre-maker, teacher, mentor and activist we see today - Bernardine charts her rebellion against the mainstream and her life-long commitment to community and creativity. And, through the prism of her extraordinary experiences, she offers vital insights into the nature of race, class, feminism, sexuality and ageing in modern Britain. Bernardine Evaristo's life story is a manifesto for courage, integrity, optimism, resourcefulness and tenacity. It's a manifesto for anyone who has ever stood on the margins, and anyone who wants to make their mark on history. It's a manifesto for being unstoppable. 'Raw and emotive . . . a powerful account of how Evaristo got to the top of her game - it's moving, but there's also much humour and joy' Independent 'Bernardine Evaristo is one of those writers who should be read by everyone, everywhere' Elif Shafak 'Bernardine Evaristo is one of Britain's best writers, an iconic and unique voice, filled with warmth, subtlety and humanity. The Falklands War Jan 03 2020 In 1982, Argentina rashly gambled that a full-scale invasion of the Falkland Islands — ownership of which had been disputed with Great Britain for over a century — would put an end to years of political wrangling. However Britain's response was to immediately dispatch a task force to recover the islands, by force if necessary. The 'conflict' which followed (a formal declaration of war was never given) lasted ten weeks from Argentine invasion to British liberation, the white heat of battle using 20th century technology contrasting with bitter hand-to-hand bayonet fighting in inhospitable conditions. Eyewitness accounts by the participants of both sides, and islanders, leave us in no doubt as to the ferocity of the combat on land, sea, and in the air. Comparison photography in color of all the battlefields, the crash sites of the aircraft shot down, the relics and the remains, together with portraits of those who lost their lives and the battlefield memorials, serve as a graphic testimony to their endeavors, 25 years after the battle. A Roll of Honour lists the casualties of both sides and, for the first time, the graves of all the British fallen — both on the islands and in the

United Kingdom — have been visited and photographed as a lasting record of all those who made the supreme sacrifice.

Giving Up Baby Apr 05 2020 "Baby safe haven" laws, which allow a parent to relinquish a newborn baby legally and anonymously at a specified institutional location—such as a hospital or fire station—were established in every state between 1999 and 2009. Promoted during a time of heated public debate over policies on abortion, sex education, teen pregnancy, adoption, welfare, immigrant reproduction, and child abuse, safe haven laws were passed by the majority of states with little contest. These laws were thought to offer a solution to the consequences of unwanted pregnancies: mothers would no longer be burdened with children they could not care for, and newborn babies would no longer be abandoned in dumpsters. Yet while these laws are well meaning, they inadequately address the social injustices that compel abandonment for the very small number of girls and women who abandon their newborns. Advocates of safe haven laws target teenagers, women of color and poor women in particular with safe haven information under the assumption that they cannot offer good homes for their children. Laury Oaks argues that the labeling of certain kinds of women as potential "bad" mothers who should consider anonymously giving up their newborns for adoption into a "loving" home should best be understood as an issue of reproductive justice. Safe haven discourses promote narrow images of who deserves to be a mother and reflect restrictive views on how we should treat women experiencing an unplanned pregnancy.

How We Give Now Apr 29 2022 From Go Fund Me to philanthropy: the everyday ways that we can give our money, our time, and even our data to help our communities and seek justice. In *How We Give Now*, Lucy Bernholz shows that philanthropy is more than writing a check and claiming a tax deduction. For most of us—the non-wealthy givers—philanthropy can be a way of living our values and fully participating in society. We give in all kinds of ways—shopping at certain businesses, canvassing for candidates, donating money, and making conscious choices with our retirement funds. We give our cash, our time, and even our data to make the world a better place. Bernholz takes readers on a tour of the often-overlooked worlds of participatory philanthropy, learning from a diverse group of forty resourceful givers. Donating our digitized personal data is an emerging form of philanthropy, and Bernholz describes safe, equitable, and effective ways of doing so—giving genetic data for medical research through a nonprofit genetics organization rather than a commercial one, for example, or contributing photographs to an online archive like the Densho Digital Repository, which documents

America's internment of 120,000 Americans of Japanese descent. Bernholz tells us to "follow the money," however, when we're asked to "add a dollar" to our total at the cash register, or when we buy a charity-branded product; it's more effective to give directly than to give while shopping. Giving is a form of participation. Philanthropy by the rest of us--across geographies and cultural traditions--begins with and builds on active commitment to our communities.

We Give Our Thanks Unto Thee Oct 24 2021 Fr. Alexander Schmemmann continues to influence liturgical and sacramental theologies some thirty-five years after his death. Despite the wide acceptance within Protestant circles of his timeless classic, *For the Life of the World*, there has been relatively little written about him from an ecumenical context. This volume of collected essays seeks to explore his theological legacy and further his work. With essays from leading scholars such as David Fagerberg, Bruce Morrill, Joyce Zimmerman, and more, this volume is meant for both teachers and students of liturgical and sacramental theology. In an effort to introduce Schmemmann to a wider audience and to celebrate his work through meaningful engagement and dialogue, contributors come from a wide variety of ecclesiastical backgrounds: Anglican, Roman Catholic, Orthodox, Lutheran, Presbyterian, Methodist, Free Church, and more. "The Eucharist is therefore the manifestation of the Church as the new aeon; it is participation in the Kingdom as the parousia, as the presence of the Resurrected and Resurrecting Lord. It is not the 'repetition' of His advent or coming into the world, but the lifting up of the Church into His parousia, the Church's participation in His heavenly glory." Fr. Alexander Schmemmann, *Introduction to Liturgical Theology*, p. 72.

Coffee Shop Conversations May 07 2020 There are numerous issues in the public square confronting the Western church. While there are any number of books available on each of the topics engaged in this collection of essays--just war, family planning, rest, immigration, politics, economic recession, fair trade, and health care--there is no compact guide that approaches each of these issues from an evangelical perspective. *Coffee Shop Conversations* does just that. The book does not aim to address each issue exhaustively; instead, it offers an evangelical approach to these topics, with the hopes that the door will be opened for further conversation. This book brings together the expertise of several evangelical scholars who are committed to serving the church through scholarship. The volume is therefore ideal for student ministry, Sunday school classes, small groups, and individuals interested in

engaging the wider culture from a stance that is well reasoned and committed to biblical faith and practice.

Think, Act, Be Like Jesus Dec 02 2019 The Bible teaches that the goal of the Christian life is to become like Jesus—for our own personal growth and for the sake of others. Every believer needs to ask three big questions: What do I believe? What should I do? And who am I becoming? In *Think, Act, Be Like Jesus*, bestselling author and pastor Randy Frazee helps readers grasp the vision of the Christian life and get started on the journey of discipleship. After unfolding the revolutionary dream of Jesus and showing how our lives fit into the big picture of what God is doing in the world, Frazee walks readers through thirty short chapters exploring the ten core beliefs, ten core practices, and ten core virtues that help disciples to think, act, and be more like Jesus Christ. This compelling new book can be used in conjunction with the 30-week all-church Believe campaign or read separately as an individual study. Either way, readers will deepen their understanding of what it means to not just know the Story of God, but to live it.

A blackness that he never lets anyone see. "Curiosity killed the cat, Jamie." My mom always tells me. She never said it would get me in more trouble than I could handle. Curiosity doesn't kill this cat. It turns it into a mouse to be played with. At least that's what Jake decided. Jake Three years. So be it. I have time on my hands, darkness on my mind, and a hundred ways to make Jamie Williams bend to my will. This book is approximately 92,000 words and is the first book of a three-book series. *Giving In* is a dark high school bully romance intended for mature readers. The Feminine Mistake Jul 01 2022 Women are constantly being told that it's simply too difficult to balance work and family, so if they don't really "have to" work, it's better for their families if they stay home. Not only is this untrue, Leslie Bennetts says, but the arguments in favor of stay-at-home motherhood fail to consider the surprising benefits of work and the unexpected toll of giving it up. It's time, she says, to get the message across--combining work and family really is the best choice for most women, and it's eminently doable. Bennetts and millions of other working women provide ample proof that there are many different ways to have kids, maintain a challenging career, and have a richly rewarding life as a result. Earning money and being successful not only make women feel great, but when women sacrifice their financial autonomy by quitting their jobs, they become vulnerable to divorce as well as the potential illness, death, or unemployment of their bread-winner husbands. Further, they forfeit the intellectual, emotional, psychological, and even medical benefits of self-sufficiency. The truth is that when women gamble on dependancy, most eventually end up on the wrong side of the odds. In riveting interviews with women from a wide range of backgrounds, Bennetts tells their dramatic stories--some triumphant, others heart-breaking. *The Feminine Mistake* will inspire women to accept the challenge of figuring out who they are and what they want to do with their lives in addition to raising children. Not since Betty Friedan has anyone offered such an eye-opening and persuasive argument for why women can--and should--embrace the joyously complex lives they deserve.

The Twelve Greatest Gifts We Give Our Children: How to Be the Mom Your Children Truly Need and Create the Family You Always Wanted Jan 27 2022 There's no getting around it: The most important person in a child's life is his or her mother. But many mothers feel overwhelmed and unsure of their decisions. They ask themselves questions such as: Am I raising my child to have good values? Am I teaching my child to be responsible? Will my child have faith? Drawing on her experiences with her three children, the author shares lessons such as: The words "I love you" mean something special to your child. Every child deserves to hear those words. Take time to have conversations with your children; find out what they are thinking, feeling, and wondering. Love your children's personality traits even when they're different from your own. With advice such as this, you'll learn how to give children great gifts, including the gift of intrinsic motivation; the gift of rules, structure and discipline; the gift of responsibility; the gift of goals and work ethic; the gift of family traditions; and the gift of open dialogue.

We Give Our Hearts to Dogs to Tear Dec 26 2021 More than a hauntingly beautiful memoir about small dogs in Big Sky country, this book is a wise account of the relationships among dogs, humans, and the land that surrounds them. It is the story of successive generations of Jack Russell terriers, their animal friends, and their human companions. Alston Chase searches for the immortality of dogs, what makes them unique companions, and why we humans willingly give them our hearts knowing that someday they will be broken. This book will resonate with anyone who has ever loved a dog. Chase muses that dogs are the embodiment of spirit over mortality and through the window of their brief lives we glimpse eternity. This eternal includes the Earth, the land, and the bonds forged between people and dogs over thousands of years. Chase sees threats in the decline of rural life, unbridled urbanization, and in dog breeders who judge by conformation to breed standards and fashion rather than ability and health. An uplifting tribute to the dogs we love, and a reflection on the limitations of life, this book shows a triumph of the spirit. Rich in poetic citations, it is an environmental cry for help, a naturalistic appreciation of a dissolving world, and a deeply spiritual reminder that nothing loved is ever lost.
