Three Cheers for Me Oct 04 2022 "I enjoyed every word . . . terrifically funny." P.G. Wodehouse With his disturbingly horse-like face and a pious distaste for strong drink and bad language, young Bartholomew Bandy doesn't seem cut out for life in the armed services, as we meet him at the start of the First World War. Yet he not only survives the dangers and squalor of the infantry trenches, he positively thrives in the Royal Flying Corps, revealing a surprising aptitude for splitarsing Sopwith Camels and shooting down the Hun. He even manages to get the girl. Through it all he never loses his greatest ability - to open his mouth and put his foot in it. Donald Jack's blackly humorous Bandy memoirs are classics of their kind. Against an unshrinkingly depicted backdrop of war and its horrors, his anti-hero's adventures are both gripping and shockingly funny. What people are saying about The Bandy Papers: "Reading can lead to involuntary bursts of loud laughter." "Very descriptive, full of air combats and written with a fine eye for period detail . . . there is quite simply no finer book of its kind. Highly recommended." "It is clear that Bandy likely should've been killed several times, but very likely the Grim Reaper was laughing too hard to hold his scythe straight . . ." "Hysterically funny! . . . each

book is another installment in the continuing saga of a Canadian and his adventures in war, the world, and women. I have yet to find another author with the wit and humor of Donald Jack. Editorial reviews: "Jack does more than play it for laughs . . . The mingling of humor and horror is like a clown tap-dancing on a coffin, but Jack is skillful enough to get away with it." Time Magazine "Funny. Very. Donald Jack has as light a touch with this fragile art as his hero has on throttle of a Sopwith Camel. Excessive corn is avoided in favour of wit and a delight in life." New York Times "Bartholomew Bandy is the most remarkable hero (or anti-hero) since Harold Lloyd impersonated the Freshman." Chicago Tribune "To know Bandy is to love him . . . you tend to gallop through and come hurtling out at the end panting for more." The Sunday Sun "For those to whom Bandy is a newcomer, what a treat is in store." Toronto Star

The Rat with the Human Face Sep 30 2019 This hilarious, highly original series, which so astutely captures the odd preoccupations of middle schoolers, will appeal to the many fans of the Origami Yoda series and such gross-out classics as How to Eat Fried Worms and Freckle Juice. Lyle Hertzog and his friends Marilla and Dave are the Qwikpick Adventure Society, three kids who seek out adventure in their seemingly quiet hometown of Crickenburg. On the hunt for their next big mission—something to top the Fountain of Poop, if that's even possible—the kids overhear a construction worker telling his buddies about a rat with a human face he saw in the basement of an old research facility. The decision is unanimous: the next adventure for the Qwikpick Society is on! But when their trip to find the rat doesn't go quite as expected, the trio gets into big trouble. Will the second adventure for the Qwikpick Society also be their last?

Studies in Neuropsychology Feb 02 2020 This collection of Arthur Benton's major articles spanning fifty years of work, provides an overview of his enormous contribution to neuropsychology. It covers most of the central issues in the field and combines neurological, experimental, and clinical psychometric approaches. Two papers—"Facial Recognition" and "Problems and Conceptual Issues in Neuropsychological Research in Aging and Dementia" (with A.B. Sivan)—are published here for the first time. Because of Benton's belief that solid scientific inquiry is built only upon historical understanding, the papers offer many insights into the history of neuropsychology.

The Palace Papers Jun 27 2019 NEW YORK TIMES BESTSELLER "The "addictively readable" (The Washington Post) inside story of the British royal family's battle to overcome the dramas of the Diana years—only to confront new, twenty-first-century crises "Frothy and forthright, a kind of Keeping Up with the Windsors with sprinkles of Keats." The New York Times (Notable Book of the Year) ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post "Never again" became Queen Elizabeth II's mantra shortly after Princess Diana's tragic death. More specifically, there could never be "another Diana"—a member of the family whose global popularity upstaged, outshone, and posed an existential threat to the British monarchy. Picking up where Tina Brown's masterful The Diana Chronicles left off, The Palace Papers reveals how the royal family reinvented itself after the traumatic years when Diana's blazing celebrity ripped through the House of Windsor like a comet. Brown takes readers on a tour de force journey through the scandals, love affairs, power plays, and betrayals that have buffeted the monarchy over the last twenty-five years. We see the Queen's stoic resolve after the passing of Princess Margaret, the Queen Mother, and Prince Philip, her partner for seven decades, and how she triumphs in her Jubilee years even as family troubles rage around her. Brown explores Prince Charles's determination to make Camilla Parker Bowles his wife, the tension between William and Harry on

“different paths,” the ascendance of Kate Middleton, the downfall of Prince Andrew, and Harry and Meghan’s stunning decision to step back as senior royals. Despite the fragile monarchy’s best efforts, “never again” seems fast approaching. Tina Brown has been observing and chronicling the British monarchy for three decades, and her sweeping account is full of powerful revelations, newly reported details, and searing insight gleaned from remarkable access to royal insiders. Stylish, witty, and erudite, The Palace Papers will irrevocably change how the world perceives and understands the royal family.

The Afghanistan Papers May 07 2020 A Washington Post Best Book of 2021 The #1 New York Times bestselling investigative story of how three successive presidents and their military commanders deceived the public year after year about America’s longest war, foreshadowing the Taliban’s recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military become mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public’s understanding of Vietnam, The Afghanistan Papers contains “fast-paced and vivid” (The New York Times Book Review) revelation after revelation from people who played a direct role in the war from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government’s strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by The Washington Post reveal that President Bush didn’t know the name of his Afghanistan war commander—and didn’t want to meet with him. Secretary of Defense Donald Rumsfeld admitted that he had “no visibility into who the bad guys are.” His successor, Robert Gates, said: “We didn’t know jack shit about al-Qaeda.” The Afghanistan Papers is a “searing indictment of the deceit, blunders, and hubris of senior military and civilian officials” (Tom Bowman, NRP Pentagon Correspondent) that will supercharge a long-overdue reckoning over what went wrong and forever change the way the conflict is remembered.

Occasional Papers in Geography Sep 03 2022

The Speedicut Papers: Book 1 (1821–1848) Nov 05 2022 The Speedicut Papers recounts in very frank detail the life, loves, and adventures of Jasper Speedicutcharmer, sexual libertine, reluctant hero, and friend of the self-styled brigadier general Sir Harry Flashman, VC. Comprising a nine-volume series of linked adventures and anecdotes in memoir format, The Speedicut Papers lifts the lid from a veritable cesspit of Victorian and Edwardian upper-class debauchery that makes Downton Abbey look like a vicarage tea party. It is also a unique account of Speedicut’s involvement in some of the greatest and also some long-forgotten events in the British Empire and beyond during the period of 1821–1915. In Flashman’s Secret, the first volume of the saga, Speedicut throws a searchlight onto some very murky corners of the nineteenth century, including the early careers of the notorious courtesan, Lola Montez, and the demon barber of Fleet Street, Sweeney Todd. New insights are also provided into the formation of the IRA, the first Anglo-Afghan War, and the dubious acquisition by the British crown of the Koh-i-Noor diamond. If this were not enough, Flashman’s Secret also reveals Nelson’s actual last words and the existence of a sinister and murderous secret society at the heart of the British establishment.

Flashman and the Mountain of Light Oct 31 2019 Harry Flashman: the unrepentant bully of Tom

Brown's schooldays, now with a Victoria Cross, has three main talents -- horsemanship, facility with foreign languages and fornication. A reluctant military hero, Flashman plays a key part in most of the defining military campaigns of the 19th century, despite trying his utmost to escape them all. With the mighty Sikh Khalsa, the finest army ever seen in Asia, poised to invade India and sweep Britannia's ill-guarded empire into the sea, every able-bodied man was needed to defend the frontier - and one at least had his answer ready when the Call of Duty came: "I'll swim in blood first!" Alas, though, for poor Flashman, there was no avoiding the terrors of secret service in the debauched and intrigue-ridden Court of the Punjab, the attentions of its beautiful nymphomaniac Maharani (not that he minded that, really), the horrors of its torture chambers or the baleful influence of the Mountain of Light.

The Oak Papers Mar 05 2020 'Some five years ago, I sought solace from the ways of the world by stepping into the embrace of an ancient oak tree . . . From the first meeting, there grew a strange sense of attachment I did not consciously recognise until I later began to realise the significance that trees, and oak trees especially, can have in our lives. James Canton spent two years sitting with and studying the Honywood Oak. A colossus of a tree, it would have been a sapling when Magna Carta was signed. Initially visiting the tree for escape and solitude, in time he learns to study it more closely. He examines how our long-standing dependency on oak trees has developed and morphed into myth and legend. The Oak Papers is a stunning, meditative and healing book about the lessons we can learn from the natural world, if only we slow down enough to listen.
