Congressional Deskbook: The Practical and Comprehensive Guide to Congress, Sixth Edition Nov 24 2021 This comprehensive guide to Congress is ideal for anyone who wants to know how Congress really works, including federal executives, attorneys, lobbyists, media and public affairs staff, government affairs, policy and budget analysts, congressional office staff and students. - Clear explanation of the legislative process, budget process, and House and Senate business - Flowcharts for legislative and budget processes - Explanation of the electoral college and votes by states - Glossary of legislative terms - Relationship between budget resolutions and appropriation and authorization bills - Amendment tree and amendment procedures - How members are assigned to committees - Agenda for early organization meetings (after election, before adjournment) - Sample legislative documents with explanatory annotations - Bibliographic references throughout.

After You Vote Feb 13 2021 NAUTILUS BOOK AWARD SILVER MEDALIST — SOCIAL CHANGE & SOCIAL JUSTICE When the election is over, the work is just beginning. The future of America depends on what you do after you vote. Today, women in the United States are more educated and politically ambitious than ever before. However, the record numbers of women running for office, casting votes, and marching for change haven't translated into full and equal political participation. Despite significant progress, women are less likely than men to engage in a range of important political activities—from speaking up on the issues they care about to holding their representatives accountable. Equal parts information and inspiration, *After You Vote* is both a primer and call-to-action for women of all ages who want to exercise their voices and engage more fully in civic life. It's the ultimate guide to political engagement, filled with practical (and proven) tactics to help women make their voices heard and have an influence on the issues they care about most. This book will help you: • Brush up on civics—federal, state, and local • Prioritize your issues • Use the most effective advocacy tactics • Stick with it for the long haul (politics is a marathon, not a sprint!) The question isn't if you can

create change on behalf of the issues you care about. You can. The question is: What's at stake if you don't?

The Citizen's Guide to Lobbying Congress (Rev and Updated Ed) Mar 29 2022 Individuals and grassroots organizations interested in becoming involved in petitioning their government will discover essential information on the techniques and laws to lobbying in this clear and enlightening guide. New lobbyists will learn how to best craft and direct their messages so that their concerns will be heard, make congressional contacts, get the most out of letter-writing campaigns, generate press, give campaign contributions, and even get invited to testify before congressional committees. This resource details the most recent lobbying laws, including the Federal Election Campaign Act amended in 2002, as well as a list of appropriate gifts to give to a member of Congress or their staff. This revised edition contains updated chapters and resources that will ensure that neophyte lobbyists will have the most up-to-date information when lobbying their government.

Compassion (&) Conviction Apr 17 2021 Have you ever felt too progressive for conservatives, but too conservative for progressives? It's easy for faithful Christians to grow disillusioned with civic engagement or fall into tribal extremes. Representing the AND Campaign, the authors of this book lay out the biblical case for political engagement and help Christians navigate the complex world of politics with integrity.

Teaching Civics in the Library Mar 17 2021 Civics education is "on the books" in all 50 states, yet civic illiteracy is widespread. Only one third of 12th graders are able to explain the significance of the Declaration of Independence, and fewer than half of 8th graders know the purpose of the Bill of Rights. This instructional guide explores the foundations of civics education--and the reasons for its demise--with commentary from civics education leaders and scholars across the nation. Questions for eliciting civics discussion are provided for all grade levels, along with detailed civic action and service projects and reading plans. Best practices and grant writing options are included. The author argues for a return to early 20th century civics education and details the traditional and present-day role of America's libraries in developing a civic-minded populace. School and public librarians are urged to utilize trade books and carefully evaluated websites to integrate civics within educational and youth services offerings.
